VOL. XXIV, NO. 221 GAINESVILLE, FLORIDA, THURSDAY, OCTOBER 24, 1907 TEN CENTS A WEEK

PRESIDENT HONORED

Ovation to Chief Executive at Nashville, Tenn.

CITY WAS IN GALA ATTIRE

Thousands Greet the President on His Visit to the Tennessee Capital—He Made Several Speeches—He Visited The "Hermitage."

Nashville, Tenn., Oct. 23.—Never before in its history has Nashville been so elaborately decorated as it was on Tuesday to give welcome to President Theodore Roosevelt.

Bunting, flags, banners and pictures of the president adorned almost every house in the up-town section of the city, which was crowded with people from a radius of 100 miles, and the reception he was accorded was of the old fashioned kind. The weather was cool, bright and bracing.

Bells Rang, Whistles Blew.

The special train bearing the president and his party reached the station at 9 o'clock a. m., amid the booming of cannon, ringing of bells, blowing of whistles and the cheering of the thousands who had gathered to do him honor. The president was met at the depot by a reception committee from the board of trade, who were introduced by Governor Malcolm R. Patterson, after which Mr. Roosevelt and those accompanying him were escorted from the train to their carriages, passing through a double line composed of the general reception committee. The parade was then formed, the chief executive's carriage heading the procession. The president had as his associates in his carriage Governor Patterson, Samuel Dougless, President of the local board of trade, and Hon. M. S. Latta, assistant secretray to the president. Directly following the president's carriage were other members of his party. Then followed a battalion of the Tennessee State Guard, a company of confederate veterans in uniform, a platoon of mounted police and city officials and citizens in carriages.

Received Continued Ovation.

As the procession proceeded through the gaily decorated streets of the uptown district the president received one continued ovation from the thousands that lined the sidewalks. One feature of the parade that was particularly pleasing to Mr. Roosevelt was the presence of the company of gray and grizzled confederate vetorans in line. It was a compliment which he deeply appreciated.

On Sixth avenue, near the state capitol, the parade was brought to a full stop, in order to enable the president to view the tomb of President James K. Polk, after which the march to Ryman auditorium was continued.

As the president entered the auditorium the immense audience arose and gave him a welcome that he will not soon forget. Governor Patterson welcomed the president in a brief address which Mr. Roosevelt delivered his speech.

At 9:30 o'clock President Roosevelt left the auditorium in an automobile for the Hermitage, the home of President Andrew Jackson, 12 miles from this city, followed by a long line of carriages and automobiles containing citizens.

At the Hermitage.

On the arrival of the party at the Hermitage mansion, the president was presented by the president of the board of trade to Mrs. Mary C. Dorris, regent of the Ladies' Hermitage association, who then presented Mr. Roosevelt to Mrs. Rachael Jackson Lawrence, granddaughter of President Jackson. Mrs. Dorris, assisted by ladies of the Hermitage association, conducted the president and his party through the Hermitage, visiting the various rooms, after which he was served with light refreshments in the historical dining room of the Hermitage.

The president proceeded directly to the tomb of President Jackson at the lower end of the garden, and from this spot repaired to the speaker's stand where the president of the board of trade introduced Judge John Allison, who in a brief address, presented President Roosevelt, who then spoke.

Presented with McKinley Button.

Immediately following the delivery of his address Mr. Roosevelt was presented by President H. A. Luck, of the McKinley club of Nashville, with a beautiful McKinley button, the official pin of the club, which the members had designed for the occasion.

At the conclusion of the president's address Mr. Roosevelt and those comprising the official party began the journey to the president's train at the Hermitage station.

Upon regaining his train the president found a number of souvenir pictures descriptive of the Hermitage and its historical features, the tribute of the Ladies' Hermitage association.

Extra precautions were taken to insure the president's safety while here.

HARRY NEW ISSUES CALL.

For Meeting of the Republican National Committee.

Washington, Oct 23.—The formal call for the meeting of the republican national committee was issued Monday over the signatures of Acting Chairman Harry S. New and Secretary Elmer Dover, as follows:

"The members of the republican national committee are hereby called to meet at the Shoreham hotel, in the city of Washington, D. C., at 11 a. m., Friday, Dec. 6.

"This meeting is called for the purpose of fixing the time and place of holding the next republican national convention and to transact such other business as may properly be presented, and the session will probably continue through Saturday, Dec. 7."

TRIAL OF WARNICK STARTS.

Dalton Man Is Accused of Killing Chester Wilson.

Dalton, Ga., Oct 23.—The trial of Claud Warnick, charged with the murder of Chester Wilson, which occurred in this county about three weeks ago, is being tried in the Whitfield superior court here.

About 20 witnesses are to be examined for the state and defense.

The attorneys for the defendant are George G. Glenn, W. E. Mann and L. N. Speer and th estate is represented by Solicitor Sam P. Maddox and W. C. Martin. It will be a hard fought case. The jury is composed entirely of men outside of the city with one exception.

THREE IN ONE DAY.

Death Lays Heavy Hand Upon Family at Fleming, Ga.

Savannah, Ga., Oct. 23.—Death has laid a heavy hand on the home of W. W. Gill, Jr, of Fleming.

Thrice in one day the grim reaper passed over the dwelling. Mrs. Gill, her infant and Mrs. Nancy Bashler, mother of Mrs. Gill, all died Saturday night. The death of Mr. Gill and her child and her mother all occurs in the same room.

Mrs. Bashler was 72 years old and is survived by two sons and four daughters.

Lights and Water for Ashburn.

Ashburn, Ga., Oct. 23.—In an election held in this city to determine the question of issuing bonds in the sum of $55,000 for water and lights and $15,000 for school improvements, the vote was favorable to the issuing of bonds, a nice margin above the required two-thirds being cast for the issuing of bonds. The enthusiasm manifested in Ashburn upon this question was in keeping with the spirit which has done so much for the city.

"Down and Out," Says Small.

Chicago, Oct. 23.—Sylvester J. Small, suspended president of the Commercial Telegraphers' union, announces his retirement from office and from the union. "I am down and out," he said, "and will not make any further attempt to recover my position. I will look for a job next week."

COMER IS VICTORIOUS

Roads Yield to Demands of Alabama Governor.

GEORGIA RATES TO PREVAIL

By an Agreement Reached Monday All Litigation Between Certain Roads and the State Ceases—Rates Effective Dec. 1.

Montgomery, Ala, Oct 23.—By an agreement reached Monday all the litigation of the Southern railway and allied lines against the state in resistance to the new freight and passenger rates will be withdrawn at once, and the Georgia intra-state rate will be allowed on the mileage basis in Alabama. It is a victory for Governor Comer, who has fought for the Georgia rates for many years.

Governor Comer Jubilant.

When seen the governor expressed the greatest pleasure at the outcome, expressing the belief that it will mean much to the business interests of the state. The agreement was entered into by the governor, representing the state; Pres. Finley, for the Southern, and Vice President E. L. Russell, for the Mobile and Ohio.

The time is Dec. 1, when the agreement is to become effective. The governor and the railroad commission is to have charge of the readjustment of the rates and are to see that everything necessary is done to protect the rail lines making the agreement.

The Southern is also assured in this agreement such immunity from the legislation of the recent session of the legislature as Governor Comer and the members of the raiload committee can give it.

AMERICANS FREED.

Overzealous Spy Said to Have Caused Authorities' Action.

St. Petersburg, Oct. 23.—William English Walling, of Indianapolis, his wife and his wife's sister, Rose Strunsky, were Monday released.

The officials expressed regret at the arrest, which they say was ordered upon the report of an over-zealous spy, who had been shadowing the Finnish revolutionists with whom the Americans had been associated.

The two women prisoners were confined for the twenty-four hours in a prison overcrowded with young women revolutionists. They were conducted to a small cell, eight by ten feet, but they said they had suffered no special discomfort during their arrest. They told amusing tales of the laxness of Russian prison discipline.

Temperance Workers Gather.

Columbus, Ga., Oct. 22.—Everything is in readiness for the gathering of the temperance workers of Georgia in Columbus Wednesday in the twenty-fifth annual convention of the Woman's Christian Temperance Union of the state, termed the "state prohibition jubilee." The committee appointed by the two local unions have done their work thoroughly and have all the details of the convention well in hand. The delegates and the distinguished visitors from the north will be entertained in the private homes of the city.

Dangerous Lamp Explosion.

Macon, Ga., Oct. 23—At the home of P. H. Gillespie, on Oak street, members of the family had a close call with a lamp which exploded near midnight and set fire to the furnishings so that the fire department was called to make a fight. Without warning the explosion came and oil flew in all directions. Several persons narrowly escaped the danger. Slight damage was done in the home.

General Booth Much Improved.

Chicago, Oct. 23—General Booth, the aged commander of the Salvation Army, who has been ill since last Friday at the residence of Commander Kilbey, was much improved Monday night. A rumor that he was suffering from appedicitis, was denied by Dr. Cleaf, the attending physician.

SENATOR CLAY SPOKE.

Discussed Prohibition Question and Others Matters.

Dalton, Ga., Oct. 23.—Senator Steve Clay made a short speech during the dinner hour while superior court was in session here Monday. He did not refer to politics in any way, nor make any reference whatever to the senatorial race.

He spoke of the work done in congress and questions that would come up at the next session. In discussing the prohibition question he said that congress could only prohibit the sale of whisky in the District of Columbia and the territories, and probably could prevent the shipment of whisky from a wet into a dry state; that to have prohibition throughout the entire country it would be necessary for the legislatures of all states to enact laws to that effect. He stated that the legislatures of the different states had their work of legislation, as did congress, and they could not exceed their jurisdiction.

Senator Clay advocated the extension of the rural free delivery system, and stated that he wanted every farmer to have his mail delivered into his home. He opposed indiscriminate immigration, and congratulated the Farmers' union on the work their order had accomplished along this line. He stated that the Philippine islands should be turned loose and allowed to govern themselves without any further expense to the United States. He opposed any additional increase in the army and navy and advocated the passage of a law, both state and national, requiring all candidates to give a correct itemized statement of all moneys expended in their campaign.

Senator Clay only spoke 30 minutes, but was given close attention by the large audience present, and was frequently interrupted with applause.

WANTED TO HANG EDITORS.

Chancellor Andrews Made Startling Statement in Speech.

Lincoln, Neb., Oct. 23.—Chancellor E. Benjamin Andrews, of the Nebraska State university, may have to resign his position because of the speech he made in Washington last week, in the course of which he advocated the wholesale hanging of newspaper editors.

In university circles it has been reported for some time that the health of the chancellor may cause his retirement from active service at any time, and this fact has shielded him to a certain extent from criticism which he brought upon himself.

It is reported that upon his retirement from the university Rockefeller would pension him. Rockefeller and the chancellor have been personal friends for many years.

LEAGUE OF PRESS CLUBS.

Annual Convention Now Being Held at Birmingham.

Birmingham, Ala., Oct. 23.—The annual convention of the international league of press clubs began Tuesday morning.

Numerous entertainment features have been planned for the visitors by the Birmingham Writers' club. Many prominent in the newspaper fraternity have signified their intention to attend and at the big closing banquet Friday night plates will be laid for two hundred visitors.

Among the interesting events of the session will be the "literary evening" and the literary symposium on different evenings, some of the well known participants being W. D. Nesbitt, Opie Reid and John Temple Graves.

Boy Started Disastrous Fire.

Bornesville, Minn., Oct. 23—A prairie fire is devastating the northeastern part of Wilkin county, Minnesota, and three farms have already been wiped out. The damage thus far is estimated at $[illegible]. The fire was started by a boy who was playing with matches.

A Fatal Locality.

Augusta, Ky., Oct. 23.—George Hughes, aged 30, was instantly killed here while attempting to board an eastbound freight train. This makes the fifth person accidentally killed by trains in front of the Augusta depot during the past two years.

RUN MADE ON BANK

Financial Atmosphere of Wall St. Rather Panicky.

BANKERS MUCH WORRIED

Leading Financiers Hold Conferences Looking to An Improvement of the Situation—Jno. P. Morgan Is Taking Leading Part.

New York, Oct. 23.—[illegible] run of depositors to withdraw [illegible] at the main office of the Knickerbocker Trust company which opened for business Tuesday [illegible] also at the branch office of the company at 66 Broadway and 1[illegible] street.

At the main office there were 75 persons in line and [illegible] constantly arriving. Many [illegible] who came to withdraw [illegible] were women.

At 66 Broadway there was considerable excitement when [illegible] opened for business. A line of 50 persons had gathered and [illegible] their way to the paying teller's window to withdraw funds.

Allen Gives Out Statement.

Second Vice President Allen, who was in charge of the downtown office, gave out the following statement:

"There is nothing to be alarmed about. We have $8,000,000 of cash in the vaults and are prepared to meet all demands. The company is perfectly solvent."

Mr. Allen said that the fears of alarm created by Mr. Barney's retirement from the presidency of the company will soon be allayed.

Bankers, brokers and business men generally came down early to prepare for whatever further developments there might be in the financial situation. The feeling of relief and satisfaction with which these men began the transaction of business Monday was succeeded by considerable nervousness as a result of the developments concerning the Knickerbocker Trust company. The news made public Monday night that the National Bank of Commerce gave notice that it would decline any longer to act as clearing house agent for the Knickerbocker Trust company and the resignation by Charles T. Barney of the presidency of the latter institution served to unsettle sentiment more than the Morse-Heinze developments of last week. The magnitude of the business transacted by the Knickerbocker Trust company with its deposits amounting to more than $[illegible] have a much more serious effect on the changes made in its [illegible] than the changes in the smaller Morse-Heinze [illegible].

Conferences Held.

The announcement of Mr. [illegible] resignation was followed by a series of conferences of financiers. Among those present were J. Pierpont Morgan and his partners, George W. Perkins and Charles [illegible] Morgan taking a leading part in the discussion looking to the improvement of the situation.

LONG CHASE WAS MADE

Man Journeys to Italy to Find Alleged Murderer.

New York, Oct. 23.—Patrick J. Campbell has arrived in [illegible] after his journey to Italy [illegible] man who knocked him [illegible] buggy near Potage, with [illegible] killed his driver, Charles Hayes, and got away with his satchel containing nearly $5,000 intended for the pay of a gang of miners.

To all questions regarding the success of his mission he gave evasive answers.

"This case has only started," he said. "What was done in Italy I cannot tell at this time. I doubt if I can say anything even after I have seen the District Attorney and my own personal counsel. There was more than one man implicated in the holdup, and we are not going to [illegible] until we have every one of them. I think we will be able to get every man who was there."

A DESTRUCTIVE FIRE.

Building Owned by F. X. Miller, Occupied by H. J. Dempsey.

At 3:20 o'clock Wednesday afternoon an alarm of fire was turned in, which summoned the department to the corner of West Union and South Garden street, where an old wooden building, one of the landmarks of the city, was discovered to be on fire.

The building has been occupied for the past five years by H. J. Dempsey as a second-hand furniture house, and was owned by F. X. Miller. Mr. Dempsey has worked up a fine trade there, and had a good stock on hand at the time, most of which was saved by the heroic efforts of citizens, who entered the building and brought the goods into the street, despite the dense and suffocating smoke.

The firemen succeeded in extinguishing the blaze after about one-third of the building had been burned. Mr. Dempsey's loss, damage by water and otherwise, will amount to about $400, with no insurance.

Mr. Dempsey at once moved his stock to the old city hotel building, West Main street S., and as evidence of his energy was ready for business before nightfall. He will continue his business there for the present, as he had already rented the building as a storage room. He contemplates opening the place in first-class style in a few days, which will really give him an advantage.

THE STREET PAVING.

Work Progressing Finely on East Main North—Best Rock Used.

Work is progressing finely on the paving of East Main street N., and before many weeks Gainesville may boast of one of the most handsomely paved residence streets in Florida. Particular care has been taken to preserve the center grass plats and shade trees, which are magnificent live oaks.

The material used for the paving of East Main street is the same employed on West Liberty, being a coarse broken flint rock, mixed with sand and gravel. After the rock material has been laid a heavy steam roller is passed over the surface time and again.

A Prominent Visitor.

Among the prominent visitors to this city yesterday was E. J. Marsh of New York, secretary-treasurer of the Sea Coast Lumber Company, who, up to a few months ago, operated a mill at Gum Root, on Newnan's Lake.

Mr. Marsh, who is personally a clever fellow, is one of the most widely known lumber men in this section of the South, and is heavily interested in this section. He came for a consultation with his attorney, Col. Robt. E. Davis, in certain matters pertaining to the Gum Root plant.

Mr. Marsh is well pleased with Florida, especially this section of the State. He believes that the cypress milling business on Newnan's Lake will yet "make good" to the man who will have the nerve to push the same.

"I have traveled pretty well over the United States," he said, "and I have seen many places of interest, many places where opportunities were presented to make a fine financial success; but I have yet to find any town of the population of Gainesville as up-to-date as Gainesville appears to be, and I congratulate the citizens of your good town."

A Fox Hunt.

Sheriff Fennell, next to hunting criminals, has his heart set on a fox hunt. He wants to be hunting something all the time, with the result that he is continually in the saddle.

A number of the young people of this city were desirous of having a genuine "good time" in the woods Tuesday night, and decided on a fox hunt, with Sheriff Fennell, who consented to lead the chase.

The party left the city early in the evening. They went in a southwesterly direction, and when near Millard Station, about two miles from the city, struck a trail. They soon "jumped" the fox, the dogs having made the scent, and after an exciting chase of a mile or more the sly animal escaped into a forest, a wire fence preventing further progress.

The party returned to the city about midnight, after this chase. They were disappointed at not having captured a fox, but enjoyed the chase of the one animal very much, and regretted the fact that a wire fence cut off further excitement.

Methodists to Meet in Seattle.

Seattle, Oct. 25.—Preparations are being made here to entertain Methodists from all over the world who assemble on Nov. 9 and attend the Methodist missionary convention. A bishop from every country in the world where the church is established will be here.

It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.

BRANCH WATER THE THING.

Mr. Roberts Has Tried Several, and Says Branch Water Good as Any.

W. W. Roberts and son, J. A. Roberts, were in the city from the Fairbanks section yesterday.

The latter is a young man well known and well liked here, and for several years has been engaged in the naval stores business.

For the past few months Mr. Roberts has been in poor health, and has visited various springs, including White Springs, with the hope that his condition would be benefited, but which has been of little result. Since returning home Mr. Roberts is feeling better, and good-naturedly declares that he believes plenty of branch water and all the bacon and grits a fellow can eat will bring him out if anything can.

Improvement on Streets.

Inspector Chas. C. Warren, recently appointed inspector of streets at a salary of $60 per month, is earning his salary, as the reporter of The Sun can testify.

Mr. Warren has had a small force of men at work for a few days, during which time he has made many improvements in the matter of grades, ditches, etc., on several of the important thoroughfares of the city, including East Orange and East Mechanic streets, and North Oak avenue.

If Inspector Warren is let alone in this work he says he will get "things straight" in a few weeks.

OUR WASHINGTON NEWS LETTER

Fight Between Fish and Harriman For the Control of

ILLINOIS CENTRAL RAILROAD

Being Watched With Great Interest by the Department of Justice—Important Report by the Soil Bureau of the Department of Agriculture.

Special Correspondence The Daily Sun.

Washington, D. C., Oct. 23.—There is being much more interest taken in the Department of Justice and the Interstate Commerce Commission in the fight between Fish and Harriman for the control of the Illinois Central railroad than is usually displayed over an ordinary court case or even a railroad court case. The situation is this: Mr. Harriman, on his own behalf and in the interests of the Southern Pacific railroad, which he dominated, bought over 260,000 shares of stock in the Illinois Central, of which Mr. Fish was a director. When it suited the Harriman purpose, Mr. Fish was legislated out of office. There have been various charges and recriminations between the two parties. It is charged by the Fish adherents that Harriman interests wasted the money of the Illinois Central, and that they cut it down from its position as a competing road to a mere feeder for the Harriman system. Now that the annual election has come around again, the Fish interests have enjoined Harriman from voting the Southern Pacific block of stock. It has been held by the courts, by the President and by the Interstate Commerce Commission, that it is against public policy for a road to be able to buy controlling interest in a competing line. The natural tendency of this would be to group all roads under one management, and eliminate competition altogether. This is avowedly Mr. Harriman's aim. If the Fish interests win in the present fight for the control of the Illinois Central, it will have a far-reaching effect on a number of the large railroad systems that have bought up smaller roads and either used them as feeders or eliminated them from competition altogether. If Mr Harriman is blocked in his scheme of railroad absorption, it will tend to break up many of the great railroad systems into small competing sections. This, theoretically, will be good for the shipper and should tend to reduce freights through competition but it will not tend to economy of operation. If, on the other hand, Mr. Harriman wins, it will rapidly tend to place all the railroads under a single management, and this in turn is likely to bring a demand from the public for closer Governmental control, if not for actual Government ownership. However the fight comes out, it is likely to prove a turning point in the transportation development of the United States. As such it is being watched by the Government with the greatest interest.

A report has just been issued by the soil bureau of the Department of Agriculture showing that the bureau has finished mapping and classifying about 15,500 square miles of the soil of the United States. This is four per cent of the available farming area. The work of the bureau at first sight seems rather empirical, but it has a very practical side. The soil of the different sections are studied and classified so that it is possible to tell at a glance from the soilmap what sections of the country are available for certain crops and where new varieties can be profitably introduced. When the work is completed there will be available as complete a fertility map of the country as there is a geological map. Along with the soil mappings, it is interesting to note that the work of the Agricultural department with nitro-cultures is going on quietly and beneficially. There was a great deal in the papers a year and a half ago about nitro-culture and how they would increase the fertility of the soil so that corn and cabbage could be grown on a brick pile. All this was of course exaggeration and did a good deal of harm to a legitimate branch of practical scientific work. The nitro-cultures were good for just one class of crop, the legumes, that is to say, peas, beans and all the clovers. There was a great deal of trouble in getting the culture put up in such form that they could be sent through the mails and retain their vitality. But this had been done by the use of an airtight glass tube. The bureau has sent out tens of thousands of trial cultures and received reports in thousands of cases. These all show that the cultures, when properly used, have a marked effect on the production of legume crops. Their use is being extended and there are more culture tubes being sent out this year than ever before. The cost of the whole work has not been much, and the benefit, according to the reports received, has run into the hundreds of thousands of dollars.

Whatever other sort of trusts there may be in this country, the Treasury has concluded there is no silver trust. The Department has just completed the purchase of 200,000 ounces of silver at 61.623 cents an ounce. This is a drop of about ten cents an ounce from the price of the white metal a year ago. It will be remembered that while Mr. Shaw was still Secretary of the Treasury there was a good deal said about the existence of a silver trust, and it was thought that an attempt was being made to squeeze the Government on the price of the metal. But there has been a steady decline in the price—good practical evidence that there is no combination.

Preparations are being rapidly completed for the voyage of the battleship squadron to the Pacific. Admiral Evans was in Washington last week consulting on the subject. It is estimated by the department that the cost of the coal and transportation of the same to supply the squadron till it reaches San Francisco will be $1,229,000. Another item of interest is that each of the ships will be supplied with 700 charts especially for this voyage. This will make a big map library in itself. All of the charts have been prepared by the Hydrographic Office of the Navy Department, and not one of them is of foreign origin.

Farmers Hold Cotton.

Covington, Ga., Oct. 23.—Although an average price is being paid for cotton in Covington market, receipts are not quite so good as the past few days as they were at the beginning of the season, and this is due to the fact that the large number of members of the Newton county division of the Farmers' union are holding much of the staple for a better price. Over 1,000 bales are already being held, and much cotton yet remains in the fields to be picked.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A DELIGHTFUL AFFAIR.

Mrs. McCollum Tenders Reception in Honor of Visiting Guests.

The winter social season was formally opened Tuesday afternoon with an elegant reception given by Dr. and Mrs. James W. McCollum, in honor of their attractive guests, Mrs. Lee Miller of Ocala, Mrs. Arthur Clark of Ocala, and Miss Mary Wilcox of Wilcox.

From four to six the attractive cottage, which was beautifully decorated with plants and flowers, was thronged with the elite of the city.

The guests were welcomed by Mrs. Wm. Dale and Miss Scarratt, who ushered them to the receiving line, which was a bevy of handsomely gowned women. In the receiving line were Mrs. McCollum, attired in a lavender crepe de chine, empire style; Mrs. Miller, in a white lingerie gown elaborately trimmed in lace; Mrs. Clark, in white flowered chiffon, trimmed in real lace and pan velvet; and Miss Wilcox, in cream colienne, trimmed in rose lace and Dresden ribbon.

With these ladies in the receiving line were Mrs. Charles Lynch, Mrs. James Dell, Mrs. Theo. Hudgins and Miss Bodiford.

The room was banked in lovely Duchess roses and maiden hair ferns.

Then Miss Ida Burkhim ushered the guests into the dining-room, which was profusely decorated in golden rod. The table was extremely elegant in its appointments of cut glass and silver, the center decoration consisting of white chrysanthemums in a cut glass vase on a silver reflector.

Mrs. Walton and Mrs. Bodiford served the cream. Cakes and nuts were served by Miss Alma Fennell, Miss Irene McCreary, Miss Annie Cannon, Miss Evelyn Collins, Miss Fanny Burkhim, and Misses Ruth and Catherine Hudgins.

The color scheme of white and yellow was carried out in the refreshments to correspond with the decorations of the dining-room.

From the dining-room Miss Fennell asked the guests into the hall, which was decorated in the color scheme of red and green, and where music was rendered during the afternoon. Then Mrs. Oscar Morris and Miss Cushman ushered them into the sitting-room, where the most delicious of punches was served by Miss Hampton and Miss Richards. The punch table was particularly novel, being draped in the natural grape vine and grapes. The decorations here were autumn leaves very "apropos" of the season.

Upon leaving, the guests lingered on the spacious veranda with Mrs. La-Fontisee, Mrs. McElvey and Mrs. Smith.

In all it was one of the loveliest affairs ever given in our city.

SAYS IT IS FACT.

J. W. McCollum & Co. Confirm Guarantee on Hyomei, Cure for Catarrh.

The question having been raised as to whether or no J. W. McCollum & Co. will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, they want to state positively that this guarantee is an absolute fact.

A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues, J. W. McCollum & Co. take all the risk.

If you have catarrh, try this wonderful medicated air of Hyomei. It does not drug or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that its medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can lose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but $1; nothing if it fails to cure. Get an outfit from J. W. McCollum & Co. today and begin its use at once.

DEATH DOWN IN THE DEEP DEEP

Greek Diver Meets Terrible Fate At Bottom of Gulf.

WAS HAULED UP TOO LATE

Air Tube Broke, Admitting Water, and the Diver Died of Strahgulation Before He Could Be Brought to the Surface—Tragedy of Sponge Fleet.

From Tampa Evening News, Oct. 22.

Death far beneath the waters of the Gulf of Mexico, according to Capt. Sam Hope, was, several days ago, the tragic fate of a Greek sponge diver, employed at Tarpon Springs.

The Greek, with a party of his fellow countrymen, was diving for sponge at a point 40 or 50 miles off Tarpon Springs, and was therefore working at great depth. The tube through which the man was given air, by some unknown accident, broke. Immediately thereafter a small flood of water poured down into the head piece of the Greek's diving apparatus on a mission of death.

The unfortunate man immediately signalled those above to haul him to the surface, which they did with all possible speed. Their efforts were in vain, however, as the man died of strangulation before reaching the surface. His body was brought ashore yesterday morning, following which the impressive funeral services of the Grecian church were held in the little edifice erected for the worship of God by these "strangers in a strange land."

Capt. Hope states that there are fully 2,000 Greeks now employed in the sponge industry at Tarpon Springs, and that a majority are forced to operate forty or fifty miles from shore because of the devastation of the sponge beds closer in. These beds will recuperate within a few years, however, if let alone.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabies—Doan's Ointment. At any drug store.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Chicago, Oct. 23—The twentieth anniversary of the Grand International Auxiliary to the Brotherhood of Locomotive Engineers was celebrated at the Coliseum with a ball and reception, which was attended by more than 5,000 people. The grand march was led by Mrs. W. A. Murdock, the founder, and Warren E. Stone, the grand chief of the brotherhood.

HUNG HERSELF TO RAFTER.

Woman Used Rope of Her Children's Swing for the Purpose.

Anderson, Ind., Oct. 23—While preparing dinner for her family and visitors, Thomas Miller and wife, of Rushville, Mrs. John J. Smith, aged 41, of this city, took the rope of her children's swing and went to an outhouse and hanged herself from a rafter. Mrs. Smith had apparently been very happy over the presence of old friends and nothing was thought of it when she suddenly left the house. Her prolonged absence finally excited apprehension and her husband and brother went out to look for her. When they entered the outbuilding they discovered the body and quickly cut it down. Efforts to revive the woman failed.

Mrs. Smith had been an invalid since the birth of an infant, seven months ago, and it is thought that she became temporarily deranged.

PLEADS KLEPTOMANIA.

Wife of Millionaire Said To Have Stolen Jewels.

Chicago, Oct. 23.—Mrs. Evelyn Romadaka, wife of Charles Romadaka, a Milwaukee millionaire, was arrested in the Baltimore Inn, a fashionable Chicago restaurant, when Mrs. Charles Beck, wife of the proprietor of the cafe, discovered her wearing jewels that had been stolen from the Beck home several weeks ago. Mrs. Romadaka pleaded innocence, declaring the jewels had been given her.

Under police pressure the woman broke down and confessed that she had robbed many homes in Chicago, including the Beck home, and that she had used an ex-convict, living in Chicago under an assumed name, as an accomplice. She pleads kleptomania.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Women's Pains

"I was a total wreck," writes Mrs. Beulah Rowley, of Champoeg, Oregon, "from pains I had suffered, for 4 years, every month. Sometimes I would be unconscious for 12 hours at a stretch. I did not know that anything could stop the pain entirely, but Wine of Cardui did. I advise all women suffering with painful periods to use Cardui and be relieved."

It does this by regulating the functions and toning up all the Internal female organs to health. It is a pure, specific, reliable, female remedy, with a record of 70 years of success. It has benefited a million others. Why not you? Try it.

It must puzzle foreign visitors to tell whether the national game is ball or politics.

"Is a dinner ever a bribe?" asks an Oregon editor. It may be at times, but much oftener it may be regarded as a punishment.

Secretary Taft and Minister Wu haven't yet announced whether they intend to cut China into fives or sixes. It is pretty big pie.

Every time Hetty Green talks for publication she betrays the fact that she is blessed with common sense as well as the long green.

Gov. Vardaman says "the Republic is tottering to its fall." He must have his seasons mixed, for the Republic is really staggering to its winter.

Governor Deneen has submitted a 10,000-word message to the Illinois legislature. The charge that he has Presidential aspirations seems to be well founded.

Oscar Hammerstein has confessed that he has all the money he wants. He and Andrew Carnegie can now go off somewhere and be lonesome for the rest of their lives.

After Mr. Taft gets through reassuring the Filipinos and a few more people who are feeling nervous, he should come home and reassure his campaign managers a bit.

Truth is many-sided; no man understands it all. For that reason we are often wrong in our condemnation of the man who really thinks he is right. It is not safe to condemn at all.

A St. Louis contemporary says Mr. Taft is our first war minister to go around the world talking peace. Just think of the splendid dinner invitations he would miss by going around talking fight.

In Pittsburg twin brothers were whipped by their teacher in order to punish the guilty one. It is not likely that when they grow up the debtors will insist on paying both in order to satisfy the right one.

A Pittsburg man who claims that he killed his wife by accident while joking has been sent to the penitentiary for seventeen years. By the end of that time he may come to the conclusion that nature didn't intend him for a humorist.

The Virginia gentleman who has been trying to get George Washington on the honorary roll of the Army and Navy Club, is liable to get called down for taking such a step without the advice and consent of its distinguished founder.

Judge Carter of the Live Oak circuit court is another official who is giving the "blind tigers" the proper medicine. He sentences them to the penitentiary, without the option of paying a fine. If such a rule was adopted by every judge trying such cases it is probable that the "varmints" would soon cease preying upon the public.

FLORIDA'S RESOURCES.

Hon. A. P. Jordan, the versatile editor of The Punta Gorda Herald, truthfully discusses as follows regarding the resources of sunny Florida:

"Many people abroad have little idea of the extent and variety of Florida's resources. In number they exceed those of any other State of the Republic and offer to everyone an occupation suited to his choice. A full description of all of them is beyond the limits of this paper, but a cursory mention of the leading ones may prove interesting to people outside the State.

"Take the business of ordinary farming: nearly every crop produced in other States is profitably grown in Florida. Our long staple cotton is selling for upwards of 30c a pound, the highest price it has brought in thirty years, which represents a return of thirty to forty dollars an acre. Sugar cane and sweet potatoes, which flourish anywhere from the northern and western boundaries to Key West and are the easiest crops on earth to raise, yield crops that pay at the rate of $100 to $300 per acre. Corn, oats, hay and a great variety of grasses and plants are easily grown.

"In the variety of fruits and vegetables grown we probably surpass any other State. With the exception of apples, we produce nearly every fruit that is grown north of us, and in addition to these, we have oranges, pineapples and a host of other tropical and semi-tropical fruits, all of which pay handsome returns. Fortunes are made in growing strawberries, celery, Irish potatoes and other vegetables.

"In phosphates and naval stores we are ahead of any other section of the earth, as also in fish and oysters, which abound along 1,200 miles of coast. Punta Gorda alone ships over 6,500,000 pounds of fish in nine months of every year.

"Our cattle feed upon a thousand hills and prairies and flourish without any attention, without being fed, watered or housed at any time of the year.

"We have the biggest kaolin beds hitherto discovered in the world and the material makes china as fine as any imported from Germany. Various other valuable minerals are found in paying quantities.

"Our forests contain a great variety of timber, much of which makes beautiful finishing woods, the curly pine in particular not being duplicated anywhere else. The wild cherry grows to great size and is valuable for many purposes. Cedar, red bay and cypress also abound and offer opportunities for profitable investment.

"The woods are full of plants in which wealth lies undeveloped.

"The palmetto berry is already enriching some enterprising citizens, while here in the South we have vast acres of wild pennyroyal awaiting the magic touch to turn them into money. All over this region, too, is the wild comptie plant, which is rich in starch, and the vanilla plant redolent of commercial fragrance and profit.

"It would require, however, a good-size book to enumerate in detail all the blessings which God has bestowed upon Florida and which need only the hand of intelligent industry to convert them into wealth. Those who doubt our claim to this legion of resources have only to visit the State Fair in Tampa next February to have their doubts removed.

"Add to all this a climate which permits a man to work out of doors every day in the year, to sleep comfortably every night, and crown it with the fact proved by indisputable statistics that Florida is the healthiest State of the Republic, and one will wonder why people who are informed of these wonderful advantages do not flock by thousands into this State and make it in a few years the wealthiest and most populous of all."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. INFLUENCED BY ADVERTISING.

The store-sales today that are uninfluenced, directly or indirectly, by store-advertising will not have amounted to 10 per cent of the total business of the day. By the direct influence of advertising is meant the sales of articles specifically advertised. By the indirect influence of advertising is meant the articles sold that are not specifically advertised, but are displayed to the customers who are drawn to the store by the advertised articles. In the latter case, as surely as in the first, the advertising must be credited with the sale.

Observant merchants know that this is true. They should gain courage from the knowledge to strengthen their advertising campaigns to the point of matching their store-hopes and plans.

MADE PERMANENT.

Injunction Againt International Pressmen's Union.

Cincinnati, O., 22.—The temporary injunction against the inciting of a strike by the International Pressmen's union for an eight-hour day was made permanent Monday by United States Judge Thompson, who held that such action on the part of the union officers would be a breaking of a valid contract.

An injunction was sought by the United Typothetae of America and certain publishing concerns in New York, Chicago, St. Louis and Massachusetts, to prevent the defendants, officers and members of the pressmen's union from inciting and carrying on a strike which was in effect the breaking of a contract entered into last May and running until January 1, 1909.

According to the contract the pressmen were to have a nine hour day until the expiration of this contract when the eight hour day was to go into effect, but the union had named the immediate acceptance of the eight hour day.

When the cae was argued ten days ago the defendants raised the question of jurisdiction and the complainants moved to amend the petition in certain respects to eliminate parties not indispensible to the suit which motion was sustained today, the court finding that it had jurisdiction in the case. That the demand by the international union officers for an eight hour day prior to the date agreed on was violative of the contract was the opinion of the court, but he said the men as individuals could not be enjoined from striking.

INCENDIARY'S TORCH.

Destroys $50,000 Worth of Property at Colchester, Ills.

Macomb, Ill., Oct. 23.—Fire supposed to be of incendiary origin destroyed $50,000 worth of property in the business section of Colchester, seven miles west of here. The fire was discovered shortly after 11 and spread rapidly, a hardware store, a book store, an undertaking establishment, two furniture houses, a feed store and two dwellings being consumed before the fire was under control.

The Macomb Fire department was sent to Colchester on a special train and helped to save other property.

This is the most extensive series of fires at Colchester in the past few months, all of incendiary origin.

Died in Far Away Egypt.

Toledo, Ohio, Oct. 23.—Relatives in this city have received a cablegram telling of the death on October 16, from heart disease, of Rev. Chauncey Murch, Presbyterian missionary in Egypt for the past 22 years. He is survived by a widow, who was with him at the time of his death, and a son now attending Muskingum College. The burial will take place in Egypt. Dr. Murch was formerly a resident of Scotenridge, Wood county. He was a graduate of Muskingum college and the Allegheny seminary.

Trust Tobacco Seized.

Norfolk, Va., Oct. 23.—A shipment of leaf tobacco and cigarettes, said to be valued at $7,000, from Durham, N. C., consigned to the British American Tobacco company, of Great Britain, has been attached by the government here and is now being held by the customs authorities. The action was brought following a conference here last week between Collector of Customs Hughes, United States District attorney L. L. Lewis and a representative from the department of justice at Washington.

Frightened, He Wrecks Car.

Pontiac, Mich., Oct. 23.—In an automobile accident here, Harry Wood aged 40, was killed, and Karl E. Smith, an automobile tester for a local factory, had his right arm broken. Smith was driving home, when Wood and three other men asked for a ride. Smith took the men into his machine. While running about 40 miles an hour the automobile [illegible] troller, which swerved the machine [illegible] uninjured.

Jumped for Their Lives.

Elmira, N. Y., Oct. 23.—[illegible] Rivers' [illegible] destroyed [illegible] fire Sunday morning. Seven guests had to jump for their lives from the upper windows, six of them sustaining slight injuries. One of them, Miss Lena Young, however, fractured an arm and was hurt internally.

A WARM WELCOME.

The Way an American Visitor Was Received In London.

"When I arrived in London," says a well known actor, "I received a charming letter from a man whose name I could not recall ever having heard before, but presuming that it must be some friend whom I had forgotten I readily accepted the invitation to dinner which the epistle contained and duly turned up the following evening at the hotel named. A gentleman whom I did not recognize at once approached me with outstretched hand, and so pleased did he seem to see me that I did not like to hurt his feelings by admitting that my memory had failed me, but trusted that some chance remark might presently remind me of our previous acquaintance.

"In due course we enjoyed the best dinner the house had to offer, accompanied by the very choicest cigars. At this point the gentleman left the room in order to get something out of his overcoat pocket and failed to reappear. I waited for him in vain. Then by degrees the truth dawned upon me, and I realized why he had been so genuinely pleased to meet me. However, he told so many amusing stories that the evening was pleasant enough to more than compensate me for being obliged to pay the bill."—New York Globe.

A SOLDIER'S DREAM.

This Little Gem of Fiction Comes to Us From France.

A French soldier who had been away from home for several years returned unexpectedly to his native town. The day of his arrival being Sunday, he went to the village church, believing his wife would be there, and he thus could see her the sooner. Taking a seat near the door, he waited until the service was over.

While waiting, being very much fatigued after a long journey, he fell asleep, his head resting on the back of the pew. While sleeping he dreamed of being seized as a spy and after a short trial was condemned and led out for execution. The guillotine had been erected, the army stood ranged about, and all the preparations were made as impressively as possible. The condemned man was placed in position, and the last act in the drama was at hand.

Just at that moment his wife was passing down the aisle of the church on her way out. She recognized her husband and in order to awaken him tapped his neck playfully with her fan as his head was thrown back on the seat. The contact of the fan he in his dream supposed to be the knife of the guillotine. The shock was so great it killed him instantly.

A Sad Bereavement.

An honest countryman, anxious to explore the wonders of the British museum, obtained a special holiday a short time since. Accordingly, taking with him a couple of friends, he presented himself at the door for admittance.

"No admission today, sir," said the keeper.

"But I must come in. I've a holiday on purpose."

"No matter. This is a close day and the museum is shut."

"What!" said John. "Ain't this public property?"

"Yes, but one of the mummies died a few days ago, and we are going to bury him."

"Oh, in that case we won't intrude," said John in a hushed voice. So he retired.—London Tit Bits.

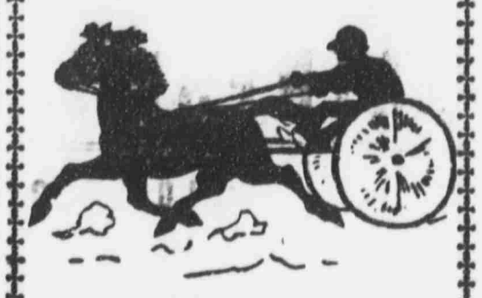
An Odd Legacy.

Thomas Jefferson, the founder of the Jefferson family of actors, was remembered curiously in the will of Weston, who was himself an esteemed member of Garrick's company. Weston's will contained this item:

"I have played under the management of Mr. Jefferson at Richmond and received from him every politeness. I therefore leave him all my stock of prudence, it being the only good quality I think he stands in need of."

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.



HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

THE NEWS FROM BELL.

Baptists Will Organize a Church. New Depot Completed.

Bell, Oct. 23.—The depot is completed and equipped with telegraph instruments, and Mr. Cocke as agent, and railroad affairs are moving on nicely.

Wm. and Zem Thomas have gone to Fishbone, Lafayette county, to complete the purchase of the general merchandise store and land with Martin Peacock, of that place. Mr. Merick's cedar mill is located there, and it is a fine place of trade. Success to all.

Elder W. F. Malphurs has been engaged with Elder L. R. Thomas in a protracted meeting here. The meeting has proved of great benefit, and they will organize a Baptist church in Bell on Sunday, November 24, 1907. Sister churches will be invited to help in the work. Services will begin Friday night before.

MELROSE NOTES.

Melrose, Oct. 23.—C. P. Huffman has returned from a very pleasant visit to Live Oak and Jasper.

Attention is called to the mayor's notice at the postoffice in regards to the sidewalk ordinance No. 20.

W. H. Lee has just finished most satisfactory a rather unusual job in repairing the large stained glass window at the Lutheran church.

The members of the M. E. church of Melrose are requested to meet at 3 p. m. on November 2nd for a conference.

Miss M. L. Master of Parnell, Mo., arrived Saturday and assumed her position as principal of the Melrose school Monday. Miss Master comes with the highest recommendations and will no doubt keep up a high standard for the school.

A. Gomez and family expect to leave for their old home next week, Mr. Gomez having accepted an excellent position with the Parker Gun Co.

JUDSON JOTTINGS.

Judson, Oct. 22.—Mr. and Mrs. J. N. Wood and others from here attended the foot-washing at Chiefland last Sunday.

W. B. McElroy and J. R. Beauchamp went to Newberry yesterday.

Rev. W. J. Martin preached a fine sermon to a well filled house at Pine Grove last Sunday.

William Doke, more familiarly known as "Uncle Billy," is very low at the home of Mrs. Gussie Doke.

Dr. O. S. Clyatt of Trenton was in our lively burg yesterday.

R. S. Tucker and wife and sister visited relatives at Newberry Sunday. They were accompanied by Miss Estella Miller, who visited her parents, Mr. and Mrs. R. P. Miller, at Jonesville.

HAYNESWORTH TOPICS.

Haynesworth, Oct. 22.—The farmers are having great difficulty in getting their cotton picked.

Mrs. W. M. Blitch and daughter, Miss Alma, of Santa Fe, were visiting relatives here last Wednesday.

Mrs. R. B. Hazadorn, after spending two weeks as the guest of her sister, Mrs. J. F. Futch, left for her home in Lakeland.

C. E. Bates of Alachua was here on business last Saturday. He expects to put in a crop on his farm next January.

Mrs. Ellen Duval of Virginia is the guest of Mrs. J. E. Haynesworth.

The Haynesworth public school opened last Monday with Miss Mor[illegible] principal.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff. It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs of little earthly good. Hair, when not neglected, grows naturally, luxuriantly. Neglect is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only preparation that will positively kill the germ is Newbro's Herpicide—clean, harmless, free from grease, sediment, dye matter or dangerous drugs. It stops itching instantly; makes hair grow soft as silk. "Destroy the cause and remove the effect." Sold by druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

THIS COP A HERO.

At Risk of His Own Life Saved the Lives of Two Persons.

New York, Oct. 23.—One man was burned to death, another man and a little girl were saved from drowning in heroic fashion by a young policeman, and several other men had a narrow escape in a fire that completely destroyed the superstructure of the steamship Mount Morris at One Hundred and Thirtieth street and the Harlem river.

John R. Trainor, a fireman on the Mount Morris, was the man who lost his life while a crowd on shore helplessly watched his struggles.

Michael Quirk, steward of the Mt. Morris, and his 5-year-old daughter, owe their lives to Frank Wolfe, a policeman of the East One Hundred and Twenty-sixth street station, who has not been on the force quite two years but who won for himself a name for bravery and grit that has seldom been surpassed in the department.

Wolfe is in the Harlem hospital in a serious condition. Robert Ford, a fireman on the Mount Morris, is also in the Harlem hospital in a critical condition from burns on the head and body.

CAR TOOK FLYING LEAP.

Landed Upside Down, But Occupants Were Not Injured.

Connersville, Ind., Oct. 23.—While making a test run from Rushville to this city a car of the Indianapolis and Cincinnati Traction company became unmanageable on a steep grade and left the tracks, making a jump about 40 feet through the air and landing upside down in the Whitewater canal.

There were but three persons in the car—the motorman, Otto Crawford; the conductor, Frank Weston, and E. E. Gray, an electrical engineer in the employ of the Westinghouse company.

The conductor jumped, and, in addition to internal injuries, suffered a broken arm and a painful scalp wound. The others remained with the car and escaped with a few small bruises.

WAS 117 YEARS OLD.

Mexican Who Took Part in War for Texas Independence Dead.

San Antonio, Tex., Oct. 23.—A special to the Express from Stockdale, Tex., says:

Felicina Garza, a Mexican aged 117 years, is dead after one hundred years' residence in this section. He was with Santa Anna in the war for Texas independence, assisted in the attack on the historic Alamo at San Antonio and witnessed its fall. He also bore arms in the Mexican war with the United States.

Injunctions Issued.

Savannah, Ga., Oct. 23.—Driven by the alleged neglect of the lumber business by the Ocean Steamship company and the Merchants and Miners' Transportation company, the lumber firms of the city Monday afternoon secured injunctions against the two companies to force them to cease discrimination against them. The injunctions were issued by Judge Cann in the superior court.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

If Old Sores were due to outside influences, or if the cause was confined strictly to the diseased flesh around the ulcer, then external treatment and simple cleanliness would cure them. But the trouble is in the blood, which has become unhealthy and diseased, and keeps the sore open by continually discharging into it the impurities and poisons with which the circulation is filled. This poisonous condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, or because the natural refuse of the body, which should pass off through the proper avenues, has been left in the system and absorbed into the blood. Again, the cause may be hereditary; but it does not matter how the poison becomes intrenched in the blood, the fact that the sore will not heal is evidence of a deep underlying cause. Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the old inflammation and discharge will return and the sore be as bad or worse than before. S. S. S. goes down to the very bottom of the trouble, cleanses and purifies the blood, and makes a permanent cure. S. S. S. enriches and freshens the circulation so that instead of discharging unhealthy matter into the place, it carries rich, tissue-building, flesh-healing blood to the diseased parts and in every way assists in a natural cure of the sore. Book on Sores and Ulcers and any medical advice free to all who write.

MADE PERMANENT.

Injunction Againt International Pressmen's Union.

Cincinnati, O., 22.—The temporary injunction against the inciting of a strike by the International Pressmen's union for an eight-hour day was made permanent Monday by United States Judge Thompson, who held that such action on the part of the union officers would be a breaking of a valid contract.

An injunction was sought by the United Typothetae of America and certain publishing concerns in New York, Chicago, St. Louis and Massachusetts, to prevent the defendants, officers and members of the pressmen's union from inciting and carrying on a strike which was in effect the breaking of a contract entered into last May and running until January 1, 1909.

According to the contract the pressmen were to have a nine hour day until the expiration of this contract when the eight hour day was to go into effect, but the union had named the immediate acceptance of the eight hour day.

When the cae was argued ten days ago the defendants raised the question of jurisdiction and the complainants moved to amend the petition in certain respects to eliminate parties not indispensible to the suit which motion was sustained today, the court finding that it had jurisdiction in the case. That the demand by the international union officers for an eight hour day prior to the date agreed on was violative of the contract was the opinion of the court, but he said the men as individuals could not be enjoined from striking.

INCENDIARY'S TORCH.

Destroys $50,000 Worth of Property at Colchester, Ills.

Macomb, Ill., Oct. 23.—Fire supposed to be of incendiary origin destroyed $50,000 worth of property in the business section of Colchester, seven miles west of here. The fire was discovered shortly after 11 and spread rapidly, a hardware store, a book store, an undertaking establishment, two furniture houses, a feed store and two dwellings being consumed before the fire was under control.

The Macomb Fire department was sent to Colchester on a special train and helped to save other property.

"What!" said John. "Ain't this public property?"

"Yes, but one of the mummies died a few days ago, and we are going to bury him."

"Oh, in that case we won't intrude," said John in a hushed voice. So he retired.—London Tit-Bits.

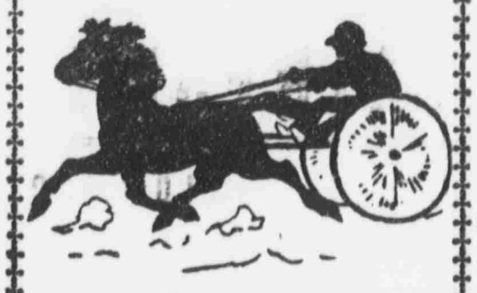
An Odd Legacy.

Thomas Jefferson, the founder of the Jefferson family of actors, was remembered generously in the will of Weston, who was himself an esteemed member of Garrick's company. Weston's will contained this item:

"I have played under the management of Mr. Jefferson at Richmond and received from him every politeness. I therefore leave him all my stock of prudence, it being the only good quality I think he stands in need of."

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.



HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

THE NEWS FROM BELL.

Baptists Will Organize a Church. New Depot Completed.

Bell, Oct. 23.—The depot is completed and equipped with telegraph instruments and Mr. Cocke as agent, and railroad affairs are moving on nicely.

Wm. and Zem Thomas have gone to Pinbone, Lafayette county, to complete the purchase of the general merchandise store and land with Martin Peacock, of that place. Mr. Herick's cedar mill is located there, and it is a fine place of trade. Success to all.

Elder W. F. Malphurs has been engaged with Elder L. R. Thomas in a protracted meeting here. The meeting has proved of great benefit, and they will organize a Baptist church in Bell on Sunday, November 24, 1907. Sister churches will be invited to help in the work. Services will begin Friday night before.

MELROSE NOTES.

Melrose, Oct. 23.—C. P. Huffman has returned from a very pleasant visit to Live Oak and Jasper.

Attention is called to the mayor's notice at the postoffice in regards to the sidewalk ordinance No. 20.

W. H. Lee has just finished most satisfactory a rather unusual job in repairing the large stained glass window at the Lutheran church.

The members of the M. E. church of Melrose are requested to meet at 3 p. m. on November 2nd for a conference.

Miss M. L. Master of Parnell, Mo., arrived Saturday and assumed her position as principal of the Melrose school Monday. Miss Master comes with the highest recommendations and will no doubt keep up a high standard for the school.

A. Gomez and family expect to leave for their old home next week, Mr. Gomez having accepted an excellent position with the Parker Gun Co.

JUDSON JOTTINGS.

Judson, Oct. 22.—Mr. and Mrs. J. N. Wood and others from here attended the foot-washing at Chiefland last Sunday.

W. B. McElroy and J. R. Beauchamp went to Newberry yesterday.

Rev. W. J. Martin preached a fine sermon to a well filled house at Pine Grove last Sunday.

William Doke, more familiarly known as "Uncle Billy," is very low at the home of Mrs. Gussie Doke.

Dr. O. S. Clyatt of Trenton was in our live burg yesterday.

R. S. Tucker and wife and sister visited relatives at Newberry Sunday. They were accompanied by Miss Estelle Miller, who visited her parents, Mr. and Mrs. R. P. Miller, at Jonesville.

HAYNESWORTH TOPICS.

Haynesworth, Oct. 22.—The farmers are having great difficulty in getting the cotton picked.

Mrs. W. M. Blitch and daughter, Miss Lillian, of Santa Fe, were visiting relatives here last Wednesday.

Mrs. A. D. Haxadorn, after spending [illegible] weeks as the guest of her sister, Mrs. J. F. Futch, left for her home in Lakeland.

Mr. Bates of Alachua was here on business last Saturday. He expects to move back on his farm next January.

Miss Ethel Duval of Virginia is the guest of Mrs. J. E. Haynesworth.

The Haynesworth public school opened last Monday with Miss Morris principal.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures are sticky or irritating affairs of no earthly good. Hair when not disturbed grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only preparation that will positively destroy the germ is Newbro's Herpicide—harmless, free from grease, dye matter or dangerous drugs. It stops itching instantly; makes hair grow soft as silk. "Destroy the germ, remove the effect." Sold by druggists. Send 10c. in stamps for sample. The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

For sale by Bodiford & Co., Special Agents.

THIS COP A HERO.

At Risk of His Own Life Saved the Lives of Two Persons.

New York, Oct. 23.—One man was burned to death, another man and a little girl were saved from drowning in heroic fashion by a young policeman, and several other men had a narrow escape in a fire that completely destroyed the superstructure of the steamship Mount Morris at One Hundred and Thirtieth street and the Harlem river.

John R. Trainor, a fireman on the Mount Morris, was the man who lost his life while a crowd on shore helplessly watched his struggles.

Michael Quirk, steward of the Mt. Morris, and his 5-year-old daughter, owe their lives to Frank Wolfe, a policeman of the East One Hundred and Twenty-sixth street station, who has not been on the force quite two years but who won for himself a name for bravery and grit that has seldom been surpassed in the department.

Wolfe is in the Harlem hospital in a serious condition. Robert Ford, a fireman on the Mount Morris, is also in the Harlem hospital in a critical condition from burns on the head and body.

CAR TOOK FLYING LEAP.

Landed Upside Down, But Occupants Were Not Injured.

Connersville, Ind., Oct. 23.—While making a test run from Rushville to this city a car of the Indianapolis and Cincinnati Traction company became unmanageable on a steep grade and left the tracks, making a jump about 40 feet through the air and landing upside down in the Whitewater canal.

There were but three persons in the car—the motorman, Otto Crawford; the conductor, Frank Weston, and E. E. Gray, an electrical engineer in the employ of the Westinghouse company.

The conductor jumped, and, in addition to internal injuries, suffered a broken arm and a painful scalp wound. The others remained with the car and escaped with a few small bruises.

WAS 117 YEARS OLD.

Mexican Who Took Part in War for Texas Independence Dead.

San Antonio, Tex., Oct. 23.—A special to the Express from Stockdale, Tex., says:

Felicina Garza, a Mexican aged 117 years, is dead after one hundred years' residence in this section. He was with Santa Anna in the war for Texas independence, assisted in the attack on the historic Alamo at San Antonio and witnessed its fall. He also bore arms in the Mexican war with the United States.

Injunctions Issued.

Savannah, Ga., Oct. 23.—Driven by the alleged boycott of the Ocean business by the Ocean Steamship company and the Merchants and Miners Transportation company, the former firms of the city Monday afternoon secured injunctions against the two companies to force them to cease the combination against them. The injunctions were issued by Judge Clark in the superior court.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

If Old Sores were due to outside influences, or if the cause was confined strictly to the diseased flesh around the ulcer, then external treatment and simple cleanliness would cure them. But the trouble is in the blood, which has become unhealthy and diseased, and keeps the sore open by continually discharging into it the impurities and poisons with which the circulation is filled. This poisonous condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, or because the natural refuse of the body, which should pass off through the proper avenues, has been left in the system and absorbed into the blood. Again, the cause may be hereditary; but it does not matter how the poison becomes intrenched in the blood, the fact that the sore will not heal is evidence of a deep underlying cause. Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the old inflammation and discharge will return and the sore be as bad or worse than before. S. S. S. goes down to the very bottom of the trouble, cleanses and purifies the blood, and makes a permanent cure. S. S. S. enriches and freshens the circulation so that instead of discharging unhealthy matter into the place, it carries rich, tissue-building, flesh-making blood to the diseased parts and in every way assists in a natural cure of the sore. Book on Sores and Ulcers and any medical advice free to all who write.

Judge H. G. Mason, who is spending his annual vacation in Virginia writes relatives here that he has enjoyed a most beneficial trip, and he will arrive home with his good wife in a few days. Judge Mason, with his wife, has visited the Jamestown Exposition, Richmond and other points, and feels exhilarated for another year's strenuous work in the county judge's office.

Mrs. E. T. Harrold of Sanford has returned to her home after a delightful visit to her son, J. G. Harrold in this city. Notwithstanding that Mrs. Harrold is a little advanced in years, being close to seventy, she is quite active and as "jolly as a girl," her son declares. Her occasional visits to this city are a great pleasure to the Harrold family, who would keep her all the time if they could.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. McCollum & Co.

Monroe Venable, the naval stores operator of Archer, was in the city Tuesday and Wednesday, having come to attend the roll-call meeting of Mount Vernon Lodge No. 20, Knights of Pythias, on Tuesday evening. Mr. Venable is a very enthusiastic Knight, and never misses an opportunity to attend these annual reunions and roll-calls, and his presence is always appreciated by members of the lodge.

Mr. and Mrs. J. L. Medlin are now occupying their new home next to the new Episcopal church, where they will be glad to see their friends. This handsome residence, which is owned by Mrs. J. B. Dell, Jr., and was for several years occupied by Dr. J. F. McKinstry, Jr., has been thoroughly renovated and refurnished and is one of the most attractive homes in the city, especially on the inside, the furniture and finishings being the most modern to be obtained at the present time.

Master Frank Douglass, son of Mr. and Mrs. F. T. Douglass of the English Colony section, is now at the Odd Fellows' Sanitarium, where his condition is very serious. The lad has been suffering for some time with an abscess of the stomach, and his condition became so alarming that it was thought to the advantage of the patient to bring him here for a surgical operation. The operation was performed yesterday by Drs. J. H. Hodges of this city and M. H. DePass of Archer.

Mrs. T. B. Stringfellow and sons, Fred, Hart, Jack and Arthur, have returned to this city, where they will make their future home. They are now pleasantly located at 1001 Alachua avenue, E., where Mrs. Stringfellow will be glad to receive her friends. Mrs. Stringfellow spent the greater part of her time abroad the past summer, visiting many of the principal points of interest, while her sons have been comfortably quartered at school and with relatives at Opelika, Ala. Friends are delighted to welcome Mr. and Mrs. Stringfellow and their interesting children to Gainesville again, after several years spent in Jacksonville.

The Georgia State Fair will be held at Atlanta, Ga., October 10th to the 26th. The date of sale for these tickets will be from October 16th to October 25th inclusive. Parties in the State of Florida who desire to take this trip can get rates either from Jacksonville or Live Oak at the very much reduced rate of $8.85 from Live Oak and return, or $10.35 from Jacksonville and return. Final limit of the tickets is not later but up to midnight of October 28th. These tickets entitle party's admission to the grounds. For further and detailed information, write to Frank C. Mr. Blake Injured.

G. W. Blake, who is employed at the Dutton ginnery as a machinist taking care of the gins, was Wednesday afternoon the victim of a very painful accident which caused the loss of the first joint of the thumb of his right hand.

Mr. Blake, it appears, did not get his thumb sawn off in a gin, but was experimenting with some other machinery, which caused his trouble. However, he has the trouble and the minus thumb, and his friends and acquaintances deeply sympathize with him.

Drs. Hodges and Dell were called on the case, and rendered professional aid.

Members of Colfax Rebekah Lodge No. 2, I. O. O. F., will hold a meeting this evening, at lodge room, at which a reception will be tendered Mr. and Mrs. Ed Weston and Mr. and Mrs. R. E. Huffman. A full attendance is desired.

Mrs. Lee Miller of Ocala, who has been here for the past two or three days on a visit to Mrs. J. W. McCollum, returned to her home yesterday. Her sister, Mrs. Clark, will remain here for a few days. It is regretted that Mrs. Miller could not remain longer. Both have a number of friends here who were glad to greet them, and trusted that their stay would be of some duration among them all.

After an illness of the past few days with malarial fever, Theo. Hudgins, proprietor of the El Dorado Cafe, will open up again for business today. Mr. Hudgins, who has enjoyed a fine trade, was compelled to take to his home with sickness, and is probably returning to duty before he should. However, he wants to meet and accommodate the people, and declares he is going to "open up or bust" this morning. His patrons, realizing his condition, were glad to "take chances" at something else to eat to relieve him during his illness, but all are anxiously awaiting the reopening.

RUN MADE ON BANK

Financial Atmosphere of Wall St. Rather Panicky.

BANKERS MUCH WORRIED

Leading Financiers Hold Conferences Looking to An Improvement of the Situation—Jno. P. Morgan Is Taking Leading Part.

New York, Oct. 23.—There ewas a run of depositors to withdraw money at the main office of the Knickerbocker Trust company when it opened for business Tuesday morning and also at the branch offices of the company at 66 Broadway and in 125th street.

At the main office there were about 75 persons in line and others were constantly arriving. Many of those who came to withdraw their money were women.

At 66 Broadway there was considerable excitement when the offices opened for business. A line of about 50 persons had gathered and made their way to the paying teller's window to withdraw funds.

Allen Gives Out Statement.

Second Vice President Allen, who was in charge of the downtown offices, gave out the following statement:

"There is nothing to be alarmed about. We have $8,000,000 of cash in the vaults and are prepared to meet all demands. The company is perfectly solvent."

Mr. Allen said that the fears or alarm created by Mr. Barney's retirement from the presidency of the company will soon be allayed.

Bankers, brokers and business men generally came down early to prepare for whatever further developments there might be in the financial situation. The feeling of relief and satisfaction with which these men began the transaction of business Monday was succeeded by considerable nervousness as a result of the developments concerning the Knickerbocker Trust company. The news made public Monday night that the National Bank of Commerce gave notice that it would decline any longer to act as clearing house agent for the Knickerbocker Trust company and the resignation by Charles T. Barney of the presidency of the latter institution served to unsettle sentiment more than the Morse-Heinze developments of last week. The magnitude of business transacted by the Knickerbocker Trust company with its deposits amounting to more than $60,000,000, have a much more serious aspect to the changes made in its management than the changes in the relatively smaller Morse-Heinze concern.

Conferences Held.

The announcement of Mr. Barney's resignation was followed by a series of conferences of financial men. Among those present were J. Pierpont Morgan and his partners, George W. Perkins and Charles Steele, Mr. Morgan taking a leading part in the discussion looking to the improvement of the situation.

LONG CHASE WAS MADE.

Man Journeys to Italy to Find Alleged Murderer.

New York, Oct. 23.—Patrick F. Campoli has arrived in this country, after his journey to Italy to find the man who knocked him out of his buggy near Potago with buckshot; killed his driver, Charles Hayes, and got away with his pocket containing nearly $5,000 intended for the pay of a gang of miners.

To all questions regarding the success of his mission he gave evasive answers.

"This case has only started," he said. "What was done in Italy I cannot tell at this time. I doubt if I can say anything even after I have seen the District Attorney and my own personal counsel. There was more than one man implicated in the holdup, and we are not going to rest until we have every one of them. I think we will be able to get every man who was there."

HIGH SPRINGS NEWS.

Marriage of Mr. McDonell and Miss Dunagen—Personal Notes.

High Springs, Oct 21.—Mrs. Effie Sutherland of Gainesville is visiting her sister, Mrs. S. B. Phifer.

Mrs. L. C. Gracy of Gainesville, after a pleasant visit to her sister, Mrs. J. D. Neal, has returned home.

Mrs. A. E. Summers has returned after spending some time with her mother, Mrs. C. C. McGhee of Tampa.

Rev. G. T. Taylor of Newberry has moved his family to High Springs. He expects to engage in the newspaper work and will get out the first issue of The High Springs Messenger this week. Mr. Taylor has a host of friends here who wish him much success.

Malcomb Barber, a machinist, had the misfortune Saturday to have the fingers of the left hand cut off by the planer at the shops. He will be taken to the hospital at Waycross today.

The cantata, "Snow-white," was presented here Friday night under the management of Mrs. Susan Ellis. It was beautifully rendered, partly by talent from Fort White and High Springs. A large audience was present and a handsome sum realized, which will be donated to the Episcopal church.

A wedding of great interest occurred here on the 20th inst. Miss Emma Lou Dunagen, daughter of Mrs. W. E. Dunagen, and Mr. H. G. McDonell were married at the home of the bride, Rev. G. E. Thompson officiating. The bride has lived here since childhood and has many friends, while the groom is a popular young engineer on the Atlantic Coast Line.

Mrs. Modes Mathers of Micanopy, who has been visiting her daughter, Mrs. M. P. Summers, returned to her home today, accompanied by little Miss Vera Summers.

Mr. and Mrs. George Carney, who have resided here for several years, left for St. Petersburg, where they will make their future home.

Mrs. Bofield of Columbia, S. C., is visiting her sister, Mrs. J. R. Cloud.

SHE DID NOT FEAR DEATH.

An old lady on her seventy-third birthday once said, "I do not mind getting old, and I do not fear death, but I live in constant dread of paralysis."

"For some time I have been wanting to tell you of the great good your wonderful Sloan's Liniment is doing here," writes Mr James F Abernethy of Rutherford College, N C. "In fact, all your remedies are doing noble work, but your Liniment beats all. In my eight years' experience with medicine I find none to go ahead of it, having tried it in very many cases. I know of one young man, a brick mason, who suffered from a partial, yes, almost complete, paralysis of one arm. I got him to use your liniment, and now he can do as much work as ever, and he sings your praise every day. I get all to use it. I possibly can, and know there is great virtue in it. I have helped the sale of your noble remedies about here greatly, and expect to cause many more to buy them, as I know they can't be beat."

JUDSON JOTTINGS.

Judson, Oct. 22.—Mr. and Mrs. J. N. Wood and others from here attended the foot-washing at Chiefland last Sunday.

W. B. McElroy and J. R. Beauchamp went to Newberry yesterday.

Rev. W. J. Martin preached a fine sermon to a well filled house at Pine Grove last Sunday.

William Doke, more familiarly known as "Uncle Billy," is very low at the home of Mrs. Gussie Doke.

Dr. O. S. Clyatt of Trenton was in our lively burg yesterday.

R. S. Tucker and wife and sister visited relatives at Newberry Sunday. They were accompanied by Miss Estella Miller, who visited her parents, Mr. and Mrs. R. P. Miller, at Jonesville.

THE NEWS FROM BELL.

Baptists Will Organize a Church. New Depot Completed.

Bell, Oct. 23.—The depot is completed and equipped with telegraph instruments, and Mr. Cocke as agent, and railroad affairs are moving on nicely.

Wm. and Zem Thomas have gone to Fishbone, Lafayette county, to complete the purchase of the general merchandise store and land with Martin Peacock, of that place. Mr. Herick's cedar mill is located there, and it is a fine place of trade. Success to all.

Elder W. F. Malphurs has been engaged with Elder L. R. Thomas in a protracted meeting here. The meeting has proved of great benefit, and they will organize a Baptist church in Bell on Sunday, November 24, 1907. Sister churches will be invited to help in the work. Services will begin Friday night before.

MELROSE NOTES.

Melrose, Oct. 23.—C. P. Huffman has returned from a very pleasant visit to Live Oak and Jasper.

Attention is called to the mayor's notice at the postoffice in regards to the sidewalk ordinance No. 20.

W. H. Lee has just finished most satisfactory a rather unusual job in repairing the large stained glass window at the Lutheran church.

The members of the M. E. church of Melrose are requested to meet at 3 p. m. on November 2nd for a conference.

Miss M. L. Master of Parnell, Mo., arrived Saturday and assumed her position as principal of the Melrose school Monday. Miss Master comes with the highest recommendations and will no doubt keep up a high standard for the school.

A. Gomez and family expect to leave for their old home next week, Mr. Gomez having accepted an excellent position with the Parker Gun Co.

HAYNESWORTH TOPICS.

Haynesworth, Oct. 22.—The farmers are having great difficulty in getting their cotton picked.

Mrs. W. M. Blitch and daughter, Miss Alma, of Santa Fe, were visiting relatives here last Wednesday.

Mrs. A. D. Hagadorn, after spending two weeks as the guest of her sister, Mrs. J. F. Futch, left for her home in Lakeland.

J. E. Bates of Alachua was here on business last Saturday. He expects to move back on his farm next January.

Miss Ellen Duval of Virginia is the guest of Mrs. J. E. Haynesworth.

The Haynesworth public school opened last Monday with Miss Morrow as principal.

WILCOX NEWS.

Wilcox, Oct. 22.—Our little town is on a boom.

The Wilcox Turpentine Co. which does an extensive naval stores business, is running day and night.

Dr. Lanier of Wannee is having a nice business building constructed at this place, under the supervision of King Wetherington of Newberry.

D. T. Trammell, of the firm of Trammell & Son, made a flying business trip to Newberry yesterday.

It is announced that Rev. W. J. Martin will preach for us every second Saturday and Sunday night in each month.

A good rain is needed in our part of the country very much.

Farmers Hold Cotton.

Covington, Ga, Oct. 23.—Although an average price is being paid for cotton in the Covington market, receipts are not quite so good as the past few days as they were at the beginning of the season, and this is due to the fact that the large numbers of members of the Newton county division of the Farmers' union are holding much of the staple for a better price. Over 1,000 bales are already being held, and much cotton yet remains in the fields to be picked.

NEWBERRY FLASHES.

Interesting Personal News Notes From the Mining Town.

Newberry, Oct. 22.—After a two weeks' visit here to her daughter, Mrs. D. G. Roland, Mrs. T. A. Johnson left Tuesday for her home at Hawthorn, accompanied by her two grand-daughters, Bessie and Ella Belle Roland.

Mrs. Ira J. Carter and little son, Ira J. Jr., left Thursday for Atlanta, where they will visit the former's mother for a few weeks.

Miss Lillian Reid visited High Springs last Friday, returning Sunday. While there she was the guest of her aunt, Mrs. Cubberly.

C. D. May left Thursday for Asheville, Ga., where he will spend a week with relatives.

C. A. Neal spent Friday in Alachua visiting among friends.

The writer neglected to mention last week the Methodist revival which was held here by Rev. Z. L. Yates of High Springs, and Rev. Dutil of Live Oak. Both are excellent preachers, and all who attended the services enjoyed them and derived great benefit.

Mrs. George Smith and little daughter, Jane, spent Tuesday at Cadillac as guests of relatives.

Miss Estelle Epperson of Bronson spent Friday here, the guest of Miss Louise Smith.

Mrs. S. P. Getzen has returned home, after a week's visit to relatives at Ft. White.

Mrs. Lillie Kitchens and daughter, Minnie, are spending the week at Lake City.

A Fox Hunt.

Sheriff Fennell, next to hunting criminals, has his heart set on a fox hunt. He wants to be hunting something all the time, with the result that he is continually in the saddle.

A number of the young people of this city were desirous of having a genuine "good time" in the woods Tuesday night, and decided on a fox hunt, with Sheriff Fennell, who consented to lead the chase.

The party left the city early in the evening. They went in a southwesterly direction, and when near Millard Station, about two miles from the city, struck a trail. They soon "jumped" the fox, the dogs having made the scent, and after an exciting chase of a mile or more the sly animal escaped into a forest, a wire fence preventing further progress.

The party returned to the city about midnight, after this chase. They were disappointed at not having captured a fox, but enjoyed the chase of the one animal very much, and regretted the fact that a wire fence cut off further excitement.

Wanted—Hardwood Timber.

The Brown-Jenings Hardwood Company of Lake Butler, Florida, are in the market for large quantities of hickory, white oak and ash timber.

They offer to buy it either in the log or sawed into plank. Now that the price of pine is off this is an opportunity for sawmills to work on lumber in which there is a profit, as they offer fancy prices for such lumber. This also affords the timber men, who are equipped with teams a chance to get out logs at a good figure.

For full information regarding prices, etc., address

Brown-Jenings Hardwood Co.,
Lake Butler, Florida.

Improvement on Streets.

Inspector Chas. C. Warren, recently appointed inspector of streets at a salary of $60 per month is earning his salary, as the reporter of The Sun can testify.

Mr. Warren has had a small force of men at work for a few days during which time he has made many improvements in the matter of grades, ditches, etc., on several of the important thoroughfares of the city, including East Orange and East Mechanic streets, and North Oak avenue.

If Inspector Warren is let alone in this work he says he will get "things straight" in a few weeks.

COMER IS VICTORIOUS

Roads Yield to Demands of Alabama Governor.

GEORGIA RATES TO PREVAIL

By an Agreement Reached Ending Litigation Between Certain Roads and the State Ceases—Effective Dec. 1.

Montgomery, Ala., Oct. 23.—An agreement reached Monday ending litigation of the Southern and allied lines against the assistance to the new two cent passenger rates will be put into effect at once, and the Georgia rates will be allowed on the roads in Alabama. It is a victory for Governor Comer, who has fought the Georgia rates for many years.

Governor Comer Jubilant.

When seen the governor expressed the greatest pleasure at the outcome, expressing the belief that it would mean much to the business interests of the state. The agreement was entered into by the governor representing the state; Pres. Finley, of the Southern, and Vice President Russell, for the Mobile & Ohio.

The time is Dec. 1. The agreement is to become effective when the governor and the railroad commission is to have charge of the enforcement of the rates and are to do everything necessary is done by the rail lines making the agreement.

The Southern is also assured in the agreement such immunity from the legislation of the recent session of the legislature as Governor Comer and the members of the railroad committee can give it.

AMERICANS FREED.

Overzealous Spy Said to Have Caused Authorities' Action.

St. Petersburg, Oct. 23.—W. [illegible] English Walling, of Indianapolis, his wife and his wife's sister, Rose [illegible] sky, were Monday released.

The officials expressed regret at the arrest, which they say was made upon the report of an overzealous spy, who had been shadowing Finnish revolutionists with whom the Americans had been associated.

The two women prisoners were confined for the twenty-four hours in a prison overcrowded with political revolutionists. They were committed to a small cell, eight by ten, but they said they had not suffered discomfort during their stay. They told amusing tales of their experiences of Russian prison discipline.

Temperance Workers Gather.

Columbus, Ga., Oct. 23.—Everything is in readiness for the opening of the temperance meeting in Georgia in Columbus. Wednesday the twenty-fifth annual convention of the Woman's Christian Temperance Union of the state, termed a "prohibition jubilee." The meeting, approved by the two legislatures, have done their work well and have all the details of the meeting well in hand. The delegates and distinguished visitors from other states will be entertained in the homes of the city.

Dangerous Lamp Explosion.

Miami, Ga., Oct. 23.—At the home of J. P. H. [illegible] members of the family had retired for the night when a call with a lamp was made to them at near midnight and [illegible] furnishings so that the fire department was called to the scene. Without warning the explosion occurred and oil flew in all directions. All persons narrowly escaped injury. Slight damage was done to the home.

General Booth Much Improved.

Chicago, Oct. 23.—General [illegible] the aged commander of the Salvation Army, who has been ill since Friday at the residence of Commissioner Kilbey, was much improved Monday night. A rumor that he was suffering from appendicitis, was denied by Dr. Cleff, the attending physician.

CURE BY CUTICURA AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and after a while I found that a little knowledge of Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most awful condition physically. Our doctor examined her and told us that she had scabies (the itch), incipient paresis, rheumatism, etc., brought on from exposure and the effects of her ragged-edged life. Her poor body was a mass of sores from scratching and she was not able to retain solid food. We tried many things, a good tonic was prescribed and baths with a rubbing of lard and sulphur. We worked hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement telling how a little baby had been cured of a bad case of skin eruption, and although I had but ninety-seven cents with me, I bought a cake of Cuticura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy, and we bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five weeks this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me, personally. Laura Jane Bates, 85 Fifth Ave., New York, N. Y., Mar. 11, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp. Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases.

THE RALLY SERVICE.

Exercises at First Methodist Church Sunday Were Very Fine.

As is the custom of the First Methodist church in this city, the annual Sunday school missionary rally service was held Sunday evening, and it was one of the largest attended services of the year, the exercises attracting not only members of the Methodist church, but other denominations. Shortly after the opening of the doors the big church, which is the most commodious in the city, was crowded to the doors, and every seat was occupied. At a later hour many were turned away, as even standing room could not be had.

The service was a grand success, not only from a literary and musical standpoint, but financially as well, and a good sum was realized for missions.

The following interesting program was rendered Rev. T. J. Nixon the pastor, presiding:

Opening song and prayer.
Scripture reading.
Recitation by Maureen Gracy.
Responsive reading and song.
Recitation by four children, Horace Mason, Annie McKinstry, Asenath Phifer and Henry O'Neill.
Questions and answers on China.
Recitation by Belva Floyd.
Song by the children.
Recitation by Corris Shands.
Recitation by Roy Nixon.
Recitation by Isabel Padgett.
Brief Talk on China by the pastor.
Recitation by Omera McBeath.
Recitation by Mary Sale.
Offering for Missions.
Doxology and Benediction.

Chicken Thieves at Large.

Chicken thieves—the most abominable of all kinds of petty thieves, and the kind that are most dreaded by owners of poultry—are abroad in this section, with the result that several citizens have lost their fine fowl recently. No later than Sunday night one party lost five fat hens which had just been purchased on Saturday.

A chicken thief is "bad down in the book" as the very worst kind of a sneak. Those who have lost their chickens have investigated the matter, and have almost sifted it down to where it belongs. In fact, they are almost positive as to the guilty party, and the chances are he will be caught and punished in a short time if he persists in the habit of chicken stealing.

WHERE IS THAT REPORT?

"Tax-Payer" Wants to Know What is Held by Board of Public Works.

Editor Sun: Please allow me space to ask why the Board of Public Works has not made a proper statement, which, by the way, is a puzzling question to many of us?

I noticed in a recent issue of The Sun where Contractor Peeman had been compelled to cease the laying of the lateral sewerage, because there were no funds available. I would like to know what has become of the $50,000 voted by the people for sewerage bonds? According to the tab I have kept on this account, the Board of Public Works has only paid out about $38,000, including the salary of the engineer. There should, therefore, be in the sewerage fund about $12,000 from which to draw, and which the tax-payers have to pay in the long run.

The Board of Public Works is due the public a statement in detail, showing the expenditure of all funds. The people who pay the taxes wish to know what has been done with their money.

The financial report as made by the Board of Public Works is not what is contemplated by law—the people want an itemized statement of the condition of the fund at this time, and it is due them. TAX-PAYER.

SOME POINTED QUESTIONS.

Citizen Wants to Know Several Things We Are Unable to Answer.

Editor Sun: There are several important questions agitating the minds of our people at present, and we would like to get some information from you if possible.

Have you any idea who will be the Democratic nominee for President in 1908?

At what time in the present century will the Government building be completed in Gainesville?

When and where, in your opinion, will the union depot be located?

What will be the rate of taxation in Gainesville after the sewer system is complete, and all streets rocked and sidewalks paved?

The above information will receive the highest appreciation of the undersigned. CITIZEN.

In reply to the above, The Sun must admit that it is at a loss, but will respectfully refer Citizen to some other person in the city more thoroughly posted—and there are numbers of them who profess to know.

LETTER TO JOHN DAMPIER.

Hague, Florida.

Dear Sir: Paint goes by gallons. There are useful and useless gallons. Useful paint is lead-zinc-and-oil with dryer and color; useless paint is whiting, china-clay, ground stone, barytes, benzine, or water.

This stuff is put in, because it is cheap, to stuff out the paint, to make more gallons to sell, of course, the buyer doesn't suspect, or he wouldn't buy it.

It costs as much to brush on this useless stuff as lead-zinc-and-oil; but it looks like that and feels like that in the brush; the painter doesn't suspect it. Besides, if the owner is willing, why should the painter object to painting two gallons for one? He is paid by the day; more gallons, more days, more money.

Average paint at full price is about one-third this useless stuff, and average paint at $1.25 or $1.50 or $1.75 a gallon is two-thirds trash. Kool paint is the proper name for all but pure paint; it is made to fool people with. Knave paint is another good name; it is made of course by knaves. Sick paint is a name for an honest weak paint. They are all weak and all extravagant—too many gallons to buy and too many gallons to brush on. Devoe is the standard.

Yours truly,
F. W. DEVOE & CO.

P. S. The S. J. Thomas Co. sell our paint.

MISS ADELAIDE NICHOLS

PERIODS OF PAIN

While no woman is entirely free from periodic suffering, it does not seem to be the plan of nature that women should suffer so severely. Irregularities and pain are positive evidence that something is wrong which should be set right at once, lead to serious derangement of the feminine organism.

Thousands of women, have found relief from all period suffering by taking Lydia E. Pinkham's Vegetable Compound which is made from native roots and herbs, as it is the most thorough female regulator known to medical science.

It cures the condition which causes so much discomfort and robs that period of its terrors. Women who are troubled with painful or irregular functions should take immediate action to ward off the serious consequences and be restored to health and strength by taking

Lydia E. Pinkham's Vegetable Compound

Miss Adelaide Nichols of 324 West 22nd Street, New York City, writes:—Dear Mrs. Pinkham:—"If women who suffer would only write upon Lydia E. Pinkham's Vegetable Compound their troubles would be quickly alleviated. I feel greatly indebted for the relief and health which has been brought to me by your inestimable remedy."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints such as Falling and Displacements, and Organic Diseases, Headache, General Debility, Indigestion, and invigorates the whole female system. For the derangements of the Kidneys of either sex *Lydia E. Pinkham's Vegetable Compound* is excellent.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

CEDAR KEY WAS SCENE OF TRAGEDY

Murder and Suicide Marked History of That Quiet Town.

KILLED WOMAN, THEN SELF

Rash Act of Charles Webster, Well-Known Young Man, Because it Is Said Widow With Whom He Was Infatuated Refused to Marry Him.

From Tuesday's Daily Sun.

The unusually quiet town of Cedar Key was thrown into excitement at midnight Sunday, the cause being a tragedy in which a murder and suicide resulted, and one of the young men of that town was the active promoter of it all.

About midnight the citizens were startled by the ringing out of three pistol shots on the second floor of the building occupied by Dr. Walker as a drug store. In a moment many were upon the scene, when they discovered a most ghastly and heart-rending sight—Chas. Webster, a well-known young man, and the woman who was his victim, both laying on the floor in a pool of blood. The woman, whose name was Mrs. Porter, had been shot with a 38-calibre revolver, the ball entering her neck and passing through. Webster was suffering from a bullet through the head and another in the arm from the same weapon, and had the pistol tightly clutched in his hand.

Notwithstanding that everything possible was done, neither party regained consciousness. Webster died about 1:30 a. m., but the woman survived him three hours.

Owing to the fact that neither regained consciousness, the circumstances of the tragedy will never be known. It is said, however, by those who should know, that young Webster, who was about twenty-eight years of age, had been infatuated with the woman who was a widow, for some time. It is to be surmised that the young man went to the home in a desperate mental condition, and becoming involved in a quarrel with the woman, enacted the tragedy which cost both their lives.

Parties arriving from Cedar Key in the early morning train state that Webster, who was employed as a bookkeeper in the fish house of A. W. Johnson, left four notes on his desk. One was addressed to his brother, one to his parents and two to friends, the contents of which were not learned, as passengers left Cedar Key before the same were made public.

Webster was about twenty-eight years of age and was born and reared in Cedar Key, where he had many friends. It is said that the woman has children.

Montecoha Union Picnic.

Montecoha, Oct. 21.—The Union picnic by the Farmers' Local Union at the Montecoha school house Friday, was well attended. One of the largest crowds ever assembled in old Montecoha was present.

The address was delivered by Col. F. M. Harper, before noon. Then came the many different games of mankind desired, after which Organizer Love of Trenton made a long talk, which was highly enjoyed by all who heard him.

Delegates went to their respective homes well pleased with the proceedings.

Mr. Love went to Jerusalem church to organize a local at that place.

DEATH OF MR. MARION SMITH.

Passed Away at Archer After a Week's Illness From Paralysis.

Archer, Oct. 21.—The many friends of Mr. Marion Smith will be grieved to know of his death. He was stricken with paralysis Monday, October 14th, from which he died Saturday morning, and was buried here Sunday, the funeral services being conducted by Dr. Waddell. Mr. Smith was a good citizen, kind father and loving husband, and will be greatly missed by all who knew him, for his friends were numbered by his acquaintances. All was done for him that loving hands could do, but it was God's time for him to be taken. He leaves a wife and three children to mourn his death—Mrs. Fleming Winecoff of Atlanta, Miss Elsie Smith of Archer and Mr. Albert Smith of Brunswick, Ga., and all were with him during his illness and death. He has one sister, Mrs. Thouseu of St. Louis.

Mr. and Mrs. Hancock, who have been spending the last two months in the mountains of Georgia, have returned home much improved in health.

Miss Fannie Moore of Hawthorn was a pleasant visitor in town last week, spending a few days with Miss Mary Berktresser at the Magnolia House.

The Sunday School Convention and Presbytery passed off very pleasantly, a number of ministers and delegates being present. Some excellent sermons and addresses were given, which were enjoyed by appreciative audiences.

Miss Leila Baukknight is visiting her sister, Mrs. Joel Tucker of Live Oak.

Mr. and Mrs. Walter Paine of Williston spent yesterday in town with their parents, Mr. and Mrs. Thomas Pearson.

Mr. Taylor and Mr. Maddox are adding very much to the looks of their homes, by adding several rooms and giving them a new coat of paint.

Mrs. Porter Smith of Waccahoota was visiting friends here last week.

This Was Sawing Some.

A. G. McDonald, sawyer for a large saw mill at Monbrook, was in the city Saturday.

Mr. McDonald is a good fellow, and his visit to Gainesville caused no special interest, as he comes to see his friends a visit regularly, and they are always glad to see him; but he brought with him on this trip an iron bolt about a half-inch in diameter, which was imbedded in a log which had been placed on the carriage, and through which the circular passed with a "buzz" as easily as if the log side had been a kind.

This bolt was evidently driven into the tree many years ago, after which the body grew around it. It was remarkable that the saw passed through so easily, and the sawyer should feel congratulated that he brought the plant out without serious mishap.

THE SUN MAKES AN ERROR.

It Was the Hereford Cattle, and Not the Short-Horns, Most Admired.

The Sun of Saturday, the 19th inst., contained mention of the fact that Manager N. A. Callison of Spring Park Farm had visited the Georgia State Fair, at which time he took especial notice and paid special attention to the cattle exhibit.

The Sun quoted Mr. Callison as saying that he was especially impressed with the Hereford, or "short-horn" cattle, as they appeared to the best advantage. The assertion, "Herford," was all right, but the writer, who is not very well posted in the cattle line, labored under the impression that the "Hereford" and the "short-horn" were one and the same, when in fact they are the reverse when it comes to breed. However, everybody knows that Manager Callison is a firm believer and breeder of the famous Hereford, which he knows to be superior to any other breed for this country, and anyone versed in the cattle business would readily see that Herefords and short-horns would not work together as one and the same, hence anyone interested would have the knowledge that the misunderstanding had been had by the writer of the article.

Manager Callison has made of the Spring Park Farm one of the most magnificent Hereford cattle farms of the country.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Accident to Boy.

It is reported that Aldie Newbern, a lad well known in this city, had the misfortune of a very painful accident a few days ago, while visiting friends in Jacksonville.

Aldie, with a number of young friends, was playing in the street. He was running from a companion with his head turned, when he came into collision with a hitching post, causing a serious bruise on his face about the eyes, from which it is said he has suffered a great deal.

DEATH DOWN IN THE DEEP DEEP

Greek Diver Meets Terrible Fate At Bottom of Gulf.

WAS HAULED UP TOO LATE

Air Tube Broke, Admitting Water, and the Diver Died of Strangulation Before He Could Be Brought to the Surface—Tragedy of Sponge Fleet.

From Tampa Evening News, Oct. 22.

Death far beneath the waters of the Gulf of Mexico, according to Capt. Sam Hope, was, several days ago, the tragic fate of a Greek sponge diver, employed at Tarpon Springs.

The Greek, with a party of his fellow countrymen, was diving for sponge at a point 40 or 50 miles off Tarpon Springs, and was therefore working at great depth. The tube through which the man was given air, by some unknown accident, broke. Immediately thereafter a small flood of water poured down into the head piece of the Greek's diving apparatus on a mission of death.

The unfortunate man immediately signalled those above to haul him to the surface, which they did with all possible speed. Their efforts were in vain, however, as the man died of strangulation before reaching the surface. His body was brought ashore yesterday morning, following which the impressive funeral services of the Grecian church were held in the little edifice erected for the worship of God by these "strangers in a strange land."

Capt. Hope states that there are fully 2,000 Greeks now employed in the sponge industry at Tarpon Springs, and that a majority are forced to operate forty or fifty miles from shore because of the devastation of the sponge beds closer in. These beds will recuperate within a few years, however, if let alone.

Mr. Blake Injured.

G. W. Blake, who is employed at the Dutton ginnery as a machinist taking care of the gins, was Wednesday afternoon the victim of a very painful accident which caused the loss of the first joint of the thumb of his right hand.

Mr. Blake, it appears, did not get his thumb sawn off in a gin, but was experimenting with some other machinery, which caused his trouble. However, he has the trouble and the minus thumb, and his friends and acquaintances deeply sympathize with him.

Drs. Hodges and Dell were called on the case, and rendered professional aid.

BRANCH WATER THE THING.

Mr. Roberts Has Tried Several, and Says Branch Water Good as Any.

W. W. Roberts and son, J. A. Roberts, were in the city from the Fairbanks section yesterday.

The latter is a young man well known and well liked here, and for several years has been engaged in the naval stores business.

For the past few months Mr. Roberts has been in poor health, and has visited various springs, including White Springs, with the hope that his condition would be benefited, but which has been of little result. Since returning home Mr. Roberts is feeling better, and good-naturedly declares that he believes plenty of branch water and all the bacon and grits a fellow can eat will bring him out if anything can.

THE STREET PAVING.

Work Progressing Finely on East Main North—Best Rock Used.

Work is progressing finely on the paving of East Main street N., and before many weeks Gainesville may boast of one of the most handsomely paved residence streets in Florida. Particular care has been taken to preserve the center grass plats and shade trees, which are magnificent live oaks.

The material used for the paving of East Main street is the same employed on West Liberty, being a coarse broken flint rock, mixed with sand and gravel. After the rock material has been laid a heavy steam roller is passed over the surface time and again.

J. W. McCollum & Co. Confirm Guarantee on Hyomei, Cure for Catarrh.

The question having been raised as to whether or no J. W. McCollum & Co. will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, they want to state positively that this guarantee is an absolute fact.

A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues, J. W. McCollum & Co. take all the risk.

If you have catarrh, try this wonderful medicated air of Hyomei. It does not drug or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that its medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can lose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but $1; nothing if it fails to cure. Get an outfit from J. W. McCollum & Co. today and begin its use at once.

A Prominent Visitor.

Among the prominent visitors to this city yesterday was E. J. Marsh of New York, secretary-treasurer of the Sea Coast Lumber Company, who, up to a few months ago, operated a mill at Gum Root, on Newnan's Lake.

Mr. Marsh, who is personally a clever fellow, is one of the most widely known lumber men in this section of the South, and is heavily interested in this section. He came for a consultation with his attorney, Col. Robt. E. Davis, in certain matters pertaining to the Gum Root plant.

Mr. Marsh is well pleased with Florida, especially this section of the State. He believes that the [illegible] milling business on Newnan's Lake will yet "make good" to the man who will have the nerve to push the matter.

"I have traveled pretty well over the United States," he said, "and I have seen many places of [illegible] many places where opportunities were presented to make a financial success; but I have yet to find any town of the population of Gainesville as up-to-date as Gainesville appears to be, and I congratulate the citizens of your good town."

An order has been issued from the Navy Department directing that all preparation of the fleet for the trip to the Pacific be facilitated in every way, and to this end all navy yard projects at the navy yards are suspended. These orders are the result of a report from the Norfolk navy yard that there was not sufficient labor obtainable for doing all the work and getting the battleships ready for the trip in October.

LEGAL REGULATED MONOPOLY.

In connection with the President's St. Louis speech, relating to the creation of Federal corporations, we should not forget Judge Farrar's letter, published last May. Judge Farrar contended that under the power "to establish postoffices and postroads" the Federal government "can create railway corporations, and give such power as Congress may think best; and, in so doing, protect the railroads from all State, county and municipal taxation, except such as Congress may authorize. This view has been adopted by the President in the interest of the railroad corporations. It is not a sound view. It has been directly controverted by the opinion of the Supreme Court of the United States in the case of Thomson vs. Pacific Railroad, reported in 9th Wallace at page 579, so far as it relates to taxation; and also by the opinion of the same court in Cohen vs. Virginia (6, Wheaton, 264) so far as it relates to the power of Congress to authorize a corporation created by itself or any other power, to transact business in any State whose laws interdict its operations. So, that neither under the postroads clause nor under the interstate commerce clause of the Constitution has Congress the right to create corporations, or to license corporations to do interstate business. The position of the National Association of State Railroad Commissioners, which, at its meeting in Washington, October 9th, expressed its hostility to the President's plan, is well sustained by judical authority. Neither the bank case on which the President relies for his scheme of Federal incorporation, nor the lottery case, on which Mr. Bryan relies for his scheme of Federal license for existing corporations, supports the contention of those who seek by such means to destroy the rights of the States, and to bring in an era of "legal regulated monopoly," such as that recommended by the Civic Federation's Committee on Municipal Ownership, whose report seems to have been paid for by certain New York bankers and capitalists interested in railway and traction corporations. This scheme of legal, regulated monopoly, to which the President and Mr. Bryan have lent the weight of their influence, is precisely what the railroads, insurance companies, and trusts of all sorts desire. They are willing that the President should render them odious to the public, if he will serve them to the extent of releasing them by such means, or any means, from their responsibility to State governments. Their managers are all as practical as Mr. Harriman, or Mr. Roosevelt himself. They had rather contribute to a Roosevelt corruption fund than to pay State, county and municipal taxes and obey State laws. Mr. Roosevelt's position puts him in the light of being the ally of the corporations.

A REPUBLICAN PATRIOT.

General Grosvenor of Ohio, who was repudiated by the Republicans of his congressional district before the last election, has returned from a trip to England, and is reported to be "a more intense standpatter on the tariff than he ever was before." That is barely possible, but the General probably feels that his only chance to get a new hold on his district is to keep in close touch with the Protective Tariff League and its trust backers, for a good generous campaign fund has been known to overcome the objections of Republican patriots, if adroitly joined with an appeal for the old flag and an appropriation, and some Federal appointments, such as postmasters and internal revenue officers, thrown in for good measure.

Judge Carter of the Live Oak criminal court is another official who is giving the "blind tiger" the proper "medicine." He sentences them to one year in the penitentiary without the option of paying a fine. If such a rule was adopted by every judge trying such cases it is probable that the "varmints" would soon cease preying upon the public.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage; but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

JOHNSON BOOM SPREADING.

Governor Toole of Montana, when in Chicago a short time ago, reported that his State is for Mr. Bryan, if the Nebraska leader wants the nomination, but that "otherwise Montana is strictly and strongly for Governor John A. Johnson of Minnesota." As Governor Toole is one of the most reliable, able and active Democratic leaders of the Northwest, none is better able to gauge public opinion than he is, for he knows all the people of Montana, and is beloved by the Democrats and respected by the Republicans.

Col. Tom W. Harris, for several years one of the leading newspaper men of Florida, is dead at his home in Chattanooga. He was for some time connected with The Ocala Banner, after which he published The Ocala New Capitol. Col. Harris was well known in Gainesville, and his many friends here will regret to learn of his death.

Many and long have been the complaints that no two public clocks in Paris agreed. The placing of an infallible electric clock far up on the Eiffel Tower, last week, shows it was high time for such action.

Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation

Mangoes In Florida

Throughout most of the tropics, in the West Indies, Central America, Brazil, Natal Malaysia, Queensland, and the Pacific Islands, by far the greater number of mango trees are seedlings. Now, there are three points about most seedling mangoes which are usually unbearable to one unaccustomed to the fruit, and which stamp such mangoes clearly as inferior produce, for which a high price will never be paid. These are: The turpentine flavor, which seems nauseous to most denizens of cool countries; the abundant fiber, which makes eating the fruit a disagreeable process; and the scent, which is by no means pleasing to many people of the temperate zone. From these causes it happens that when ordinary seedling mangoes are introduced in small quantities to the markets of North America or Europe, in most cases the casual consumer, after eating one, has no desire ever to taste another. Most persons who have visited the tropics (except perhaps India) can recall their disgust at their first mango, which was probably one of the turpentine varieties. Of course a taste for mangoes is readily acquired after the consumption of a few dozen of them; but the fact that the fruit is disliked at first prevents it from being of much value in the temperate markets.

On the other hand there are several kinds of grafted Indian mangoes which are distinguished by the absence of turpentine flavor, by a creamy fiberless pulp, which can be eaten with a spoon, and by a most appetizing aroma. Such fruits gain instant acceptance in temperate markets and are at once in great favor with the uninitiated in mango eating. These kinds mostly originated (as superior seedlings) in India, the home of the mango, and have been propagated by grafting for very many years. The seed has become smaller, in comparison with the pulp, and sometimes contains only one embryo (which may occasionally be missing, leaving only the flat shell). In India there are hundreds of named sorts of such mangoes, as there are hundreds of named sorts of grafted apples in the United States. To establish an orchard of seedling mangoes is nearly the same as to plant one of seedling appletrees, though the seedling mango seems to come rather more true than the apple (perhaps on account of the polyembryony of most seedling mangoes).

The United States Department of Agriculture has introduced the following varieties of grafted mangoes, mainly from India. (Some of these, however, may be the same kind under different names, for the spelling of the names varies in different places in India):

Alphonse, Ameeri, Amind, Arbuthout, Badami, Bath, Bennett, Bhadauria, Bhurdas, Bombay (green), Bombay (yellow), Borsha, Brindalbani, Bulbulchasm, Calcutta Amin, Cambodiana, Chickna, Cowasjee Patel, Davy's Favorite, Faizan, Fairi (long), Fajri (round), Fagirmala, Fernandez, Gada Mar, Goa Alphonse, Gola, Gopal Bhog, Hafa Alphonse, Hafiibul, Jamshedi, Kachmahua, Kakaria, Kala Alphonse, Khajya, Khapartab, Kistapal, Krishnabhog, Lamba, Bhadra, Langra (large), Langra Hardoi, Lathrop, Maebias, Madras, Mahla, Marada badiamin, Mazagon, Mulgoba, Nain Ha hadi Amin, Nayale, Nowshitwani, Nucha, Paheri, Pakria, Pania, Peterpasand, Pyasee, Rajpuri, Raspberry, Romani, Roos, Salawar, Saltbunda, Samar, Chisht, Sanduria, Sharbatt (black), Sharbatt (brown), Singapur, Stalkart, Sufaida, Sunahara, Sundersha, Surkha, Tamancha, Totafari.

Most of these cultivated sorts of mangoes have been distributed, or are being grown in the grounds of the Subtropical Laboratory at Miami, Fla., until the fruit of each ripens and its quality can be ascertained. Of those which have ripened up to this year in Florida, the Mulgoba is considered the best as a market fruit. It forms a well shaped tree branched low down. In Southern Florida it looks dark green and healthy. It does not bear so late that it comes into a market glutted with autumn fruit. This mango weighs about a pound. It ripens well and slowly when picked from the tree while still green, so that it can be readily carried from one end of the United States to the other. It is covered with a waxy gloom, and perhaps in consequence, does not seem to get spotted very easily from fungus attacks. When fully ripe it is yellow with a red cheek. It has a fine pleasant aroma, scenting the room. The bright yellow pulp has a melting consistency and fine flavor. It is fiberless, so that it can be eaten with a spoon. The trees promise to bear abundant crops, i. e., some thousands of fruit each, when over ten years old. A few crates of Mulgobas sent this year to New York and other cities carried well and sold for fancy prices. Several orchards are being planted near Miami with budded Mulgobas. One has 100 healthy trees, many of them five years old. Another has about 300 budded mango trees, mostly Mulgobas, and also budded, Alphonse. The Alphonse (or Bennett) is a celebrated variety with fruit weighing about half a pound. The tree is coarser in leaf and branch than the Mulgoba. The fruit is greenish yellow, with or without a pinkish cheek. The flesh is melting with slightly acid aromatic taste. The Sundersha is a tree which fruits young. It produces very large mangoes, weighing two pounds or so and 6 inches or more long. The fruit ripens late, and the flavor does not seem so popular as that of the Mulgoba.

The soil which yields the best mangoes in India is a deep, well-drained loam, containing a fair amount of lime, and the presence of nodules of limestone seems the reverse of prejudical. Budded Mulgoba and Alphonse (Bennett) mangoes may be obtained near Miami, in long wooden boxes (which leave the roots free to develop), at a rate of $150 to $200 a hundred, according to the size of the plants. Grafted mangoes can be secured in quantity at Palm Beach. A good little book on mangoes is "The Mango, Its Culture and Varieties," by Prof. G. M. Woodrow; Alexander Gardner, Paisley & H. G. Cove, London, 1901.

In the West Indies there are perhaps a dozen species of scale insects which prey on the mango. In Hawaii and elsewhere the larvae of a weevil (Cryptorhynchus mangiferae) do much damage by boring into the mango fruit and feeding on the young seed. In Mexico the fruitfly (Trypeta Indens) lays its eggs in ripe mangoes (as well as guavas and oranges), so that sometimes it is difficult to find a mango which does not contain several maggots. Precautions should be taken at the ports of Florida by fumigating with hydrocyanic acid all plant material entering, so that none of these mango pests can reach South Florida.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

JOHNSON AGAIN IN TOILS.

Well-Known Colored Character Arrested for Selling Booze.

Moses Johnson, a well-known negro character of this city, was arrested by Deputy Sheriff W. M. Burch of Tacoma Saturday night at a late hour, the officer stating that he found a little over two quarts of liquor in possession of Johnson, and also declaring that he saw two men purchase liquor from him.

Johnson has been around this section of the country for years, his occupation being the trapping and shooting of game, which he disposes of to the peopole of Gainesville. In this way he has made a fairly good living for a long time.

The West End Prosperous.

County Tax Assessor W. W. Colson has returned from an extended visit of business and pleasure in the West End, spending considerable time at Trenton, his former home. He states that the entire West End is in excellent shape now, agriculturally, commercially, and in every way. The farmers have made excellent crops, with the exception of cotton, which is short, and as a result everybody is prosperous. The Trenton school, which has always been one of the best in the county, is also progressing finely, there being an enrollment of about sixty-six pupils this term.

BIKE RIDERS MUST KEEP OFF WALKS

Are So Reckless That Lives of Pedestrians Are Endangered.

A LADY PAINFULLY INJURED

Mother and Child Knocked Down by Reckless Rider on Alachua Avenue Sunday—Complaints Are Many, and Ordinance Will Now Be Enforced.

The complaint has been so general recently of the recklessness of bicycle riders who have been using the granolithic sidewalks, that Mayor Thomas has decided to enforce the ordinance prohibiting same. Upon several occasions the lives of pedestrians, especially children, have been endangered, and on Sunday afternoon one of the reckless riders ran down a lady and Alachua avenue, knocking her with the mother of the child painful bruises.

There is a tendency of the officials, who have not care to interfere as long as riders were careful, the ordinance prohibiting the use of sidewalks by bicycle riders has not been enforced; but Mayor Arnow requests The Sun to announce that in future the law will be enforced to the letter, and any person caught riding a wheel on the sidewalks will be accordingly dealt with.

"There are many who would use their wheels cautiously," remarked Mayor Arnow, "but there are still others who are daring and reckless, and from the complaints that have been made to me they are a menace to the safety of the people. It is for this class that the careful ones must be compelled to suffer, for it is impossible to discriminate in the enforcement of the ordinance."

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.

THE COLSONS ARE HOME.

Mr. Colson Feeling Much Better After His Stay in Battle Creek.

After an absence of several months in the North, the greater part of which time was spent at the great Battle Creek Sanitarium, Battle Creek, Mich., Mr. and Mrs. Perry M. Colson have returned to their home in this city.

Mr. Colson, who is one of the most well known citizens of Florida, especially in timber and naval stores circles, has been in very poor health for the past eighteen months, and finally decided to go to Battle Creek. His condition has been greatly improved, and friends are glad to see him so much better, and trust he will continue to improve.

En route home Mr. and Mrs. Colson stopped a few days at Lexington, Ky., where one of their daughters, Miss Pearl, is attending Hamilton Female College.

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

T. B. Ellis, Sr., spent Sunday with his wife and daughter, Mrs. Chas. A. Marks, at Waldo.

Mrs. Minnie Main of Holder, after a pleasant visit to friends in this city, has returned to her home.

W. T. McLendon of Alachua, the boss melon grower of this section of the State, was in the city yesterday and paid The Sun an appreciated call.

C. E. Melton of Micanopy, Captain H. C. Parker of LaCrosse and Hugh A. Williams of Waldo formed a trio of prominent visitors to this city yesterday.

Chas. Davis of Archer was in the city on a visit to friends Sunday. Mr. Davis, who is a former Palatka boy, is now employed as a moulder by the Maddox Foundry and Machinery Company of Archer.

S. E. Brooker of LaCrosse, one of the leading farmers of that section, was a visitor to this city yesterday. He brought a load of fine chickens and eggs, which are very acceptable on the market just now.

Col. W. W. Hampton has returned from Richmond, Va., where he went to attend the general convention of the Episcopal Church. He reports a fine meeting which proved very beneficial to those who were in attendance.

Amanda Mitchell, a well-known colored woman formerly of this city, died in Tampa a few days ago, and was buried there. She resided in Gainesville, on West Church street, for many years, and was well known here.

Miss Gussie Miller, one of the popular teachers in the City Graded and High School, is making her home at the Arnold House this season, formerly known as the Dr. Phillips residence, where she will be pleased to see her friends.

Mr. and Mrs. C. C. Strickland and little daughter, Juanita, were in the city from Hague yesterday. Mr. Strickland, who is an up-to-date farmer brought a load of fine new sweet potatoes, some of which weighed as much as five pounds, which he disposed of at good prices.

Among the prominent visitors to Gainesville yesterday was Hon. A. B. Smith, postmaster of Brunswick, Ga., who was passing through the city from Archer. Mr. Smith had the misfortune a few days ago to lose his home at Archer. Friends of the family extend sincere sympathy.

Rev. P. Ambrose has returned to his home in this city, after an absence of about six weeks in the North. He visited the Jamestown Exposition, New York, the Berkshire Hills of Massachusetts, points in New Hampshire and Boston and reports a delightful time, in which he was much benefited.

Mr. Boston, who has been for the past few months engaged as a piano salesman on the road, has decided that traveling life was too strenuous for him and has accepted a position as clerk at the Seaboard Air Line depot. He will succeed Walter Beard in this position, the latter having resigned to accept a position in Atlanta, where he will enter a business college.

Mr. Henderson of Arno was in the city yesterday. Mr. Henderson, who is a farmer of ability and prominence, has purchased property opposite the University and will move his family to Gainesville next week. He will retain his interests at Arno, as they are too valuable to dispose of at this time. The people of Gainesville will gladly welcome Mr. Henderson and his estimable family.

Among the visitors to this city yesterday was Chas. S. Gardner of Cedar Key, chief light-house keeper at Sea-Horse Key, at the entrance of the harbor. He was en route to Lake City, where he goes on a visit to a daughter whom he has not seen for thirty years. Mr. Gardner has been for thirty years in the Government light-house service, a great part of which has been spent at the Seahorse Key light. He comes to Gainesville occasionally, and friends here are always glad to welcome him, for he is a "jolly good fellow."

From Wednesday's Daily Sun:

W. F. Gay of Arredondo was trading in the city yesterday.

W. M. Barco of Dutton spent Sunday with friends in this city.

Dr. M. H. DePass of Archer spent yesterday in this city as a guest of Dr. J. Harrison Hodges.

Dr. A. E. Coulter of Micanopy was among those who spent yesterday in this city on business.

David Newman, a bright young man of North Gainesville, has accepted a position at the store of H. J. Dempsey, 201 West Union street.

T. M. Venable of Arredondo, one of the old surviving Confederate soldiers of this county, was mingling among his Gainesville friends yesterday.

Miss Minnie Shawl, formerly of this city but now book-keeper for the Diamond Ice Company at Alachua, spent Sunday and Monday with her parents in North Gainesville.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.

C. L. McKinney and Dalley Thigpin, two well-known young men of Waldo, were among those who spent yesterday in the county capital. They made The Sun an agreeable business call.

Mrs. Walter Rabon has returned from Jacksonville, where she has been confined in the hospital for the past two or three weeks. Friends will be glad to learn that her health is improved.

Mrs. Rachael Haile, after a delightful visit of the past two months to her daughter, Mrs. Metz, formerly Miss Bessie Haile, in Wilmington, Del., is at home again. Friends are glad to welcome her.

Mr. and Mrs. D. E. Godwin, who have been residing in this city for the past year or more, have removed to Bronson, which will be their future home. Friends here regret to lose them as residents, but trust they will be pleased with their new home.

The new store building which is being fitted up in the Gainesville National Bank block, in rear of the bank on West Main street S., is nearing completion. While not so commodious as some, this will make one of the most desirable store rooms in the city.

Taylor Beard, for the past few months one of the valued clerks at the Seaboard Air Line freight depot, left yesterday for points in South Florida for a few days' visit to friends. Mr. Beard expects to leave about the 1st prox. for Atlanta, where he will enter a business college.

Mrs. M. Bagnell, who has been on a visit to relatives in Springfield, Ill., has returned. She was called home on account of the illness of her son, who is suffering at the Odd Fellows'

Mrs. T. E. Morey of Pensacola expects to leave this morning for her home, after a pleasant visit to her daughter, Mrs. J. G. Harrold. She made many friends here who would be pleased to see her again.

Mrs. J. G. Harrold and daughter, Miss Alma, have returned from Tampa, where for the past ten days they have been attending the conference of the Seventh Day Adventists. They report a delightful meeting well attended.

Members of Colfax Rebekah Lodge No. 2, I. O. O. F. will hold a meeting this evening at lodge room, at which a reception will be tendered Mr. and Mrs. Ed Weston and Mr. and Mrs. R. E. Huffman. A full attendance is desired.

Col. Thos. V. Porter of Jacksonville is renewing Gainesville acquaintances, among whom he resided for many years. He spent some time during the past six months in Europe and reports an enjoyable trip. He is in excellent health.

W. B. Holder of Santa Fe was in the city for a short time yesterday. Mr. Holder has been engaged in the naval stores business, at that place, but has left this business to other hands and gone to South Florida, where he will engage in business with his brother, James Holder.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

When in need of anything in line of graphic or engraved stationery, including society stationery and monogram, The Sun business department would be pleased to show samples and quote prices. We are agents for one of the leading firms of the United States for these goods, and our prices are as low as is consistent with the class of work.

T. J. Swearingen, the naval stores operator of Kanapaha, after several days' illness at his home in this city, is out again. Mr. Swearingen expects to resume his duties shortly as general overseer of his own affairs at Kanapaha, where he has extensive interests.

Judge H. G. Mason, who is spending his annual vacation in Virginia, writes relatives here that he has enjoyed a most beneficial trip, and he will arrive home with his good wife in a few days. Judge Mason, with his wife, has visited the Jamestown Exposition, Richmond and other points, and feels exhilarated for another year's strenuous work in the county judge's office.

Mrs. E. T. Harrold of Sanford has returned to her home, after a delightful visit to her son, J. G. Harrold, in this city. Notwithstanding that Mrs. Harrold is a little advanced in years, being close to seventy, she is quite active, and as "jolly as a girl," so her son declares. Her occasional visits to this city are a great pleasure to the Harrold family, who would keep her all the time if they could.

Monroe Venable, the naval stores operator of Archer, was in the city Tuesday and Wednesday, having come to attend the roll-call meeting of Mount Vernon Lodge No. 20, Knights of Pythias, on Tuesday evening. Mr. Venable is a very enthusiastic Knight, and never misses an opportunity to attend these annual reunions and roll calls, and his presence is always appreciated by members of the lodge.

Mr. and Mrs. J. L. Medlin are now occupying their new home next to the new Episcopal church, where they will be glad to see their friends. This handsome residence, which is owned by Mrs. J. B. Dell, Jr., and was for several years occupied by Dr. J. F. McKinstry, Jr., has been thoroughly renovated and refurnished and is one of the most attractive homes in the city, especially on the inside, the furniture and finishings being the most modern to be obtained at the present time.

Master Frank Douglass, son of Mr. and Mrs. F. T. Douglass of the English Colony section, is now at the Odd Fellows' Sanitarium, where his condition is very serious. The lad has been suffering for some time with an abscess of the stomach, and his condition became so alarming that it was thought to the advantage of the patient to bring him here for a surgical operation. The operation was performed yesterday by Drs. J. H. Hodges of this city and M. H. DePass of Archer.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. McCollum & Co.

Mrs. T. B. Stringfellow and sons, Fred, Bert, Jack and Arthur, have returned to this city, where they will make their future home. They are now pleasantly located at 1001 Alachua avenue, E., where Mrs. Stringfellow will be glad to receive her friends. Mrs. Stringfellow spent the greater part of her time abroad the past summer visiting many of the principal points of interest, while her sons have been comfortably quartered at school and with relatives at Opelika, Ala. Friends are delighted to welcome Mrs. Stringfellow and their interesting children to Gainesville again after several years spent in Jacksonville.

A DESTRUCTIVE FIRE.

Building Owned by F. X. Miller, Occupied by H. J. Dempsey.

At 3:20 o'clock Wednesday afternoon an alarm of fire was turned in, which summoned the department to the corner of West Union and South Garden street, where an old wooden building, one of the landmarks of the city, was discovered to be on fire.

The building has been occupied for the past five years by H. J. Dempsey as a second-hand furniture house, and was owned by F. X. Miller. Mr. Dempsey has worked up a fine trade there, and had a good stock on hand at the time, most of which was saved by the heroic efforts of citizens, who entered the building and brought the goods into the street, despite the dense and suffocating smoke.

The firemen succeeded in extinguishing the blaze after about one-third of the building had been burned. Mr. Dempsey's loss, damage by water and otherwise, will amount to about $100, with no insurance.

Mr. Dempsey at once moved his stock to the old city hotel building, West Main street S., and as evidence of his energy was ready for business before nightfall. He will continue his business there for the present, as he had already rented the building as a storage room. He contemplates opening the place in first-class style in a few days, which will really give him an advantage.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.
